French Writers Say Reparations Plan Will Develop Well

British-French Agreement Regarding Arrangement of
German Payments Is Approved By French Press;
Details Will Be Considered By Premiers.

Paris, Nov. 8.—The agreement reached by France and Great Britain upon the procedure to be followed in settling the German reparations question is received with satisfaction by the French press.

The plan embraces as its first stage a conference of experts at Brussels; second, a meeting of Allied and German representatives at Geneva; third, consideration by the Reparations Commission of the findings of the first two conferences, and fourth, a meeting of the Premiers to consider the Commission's findings.

BOY WOUNDED NEAR LADYSMITH

C. Williams Shot Through the
Lung; Accident Occurred
During Hunting Trip

Clifford Williams, aged sixteen, is lying in Ladysmith in a dangerously wounded condition as a result of a hunting accident yesterday. A rifle bullet pierced one of his lungs.

He and Ben Jones, another boy about the same age, went out on a hunting trip yesterday, taking a dog with them. The account of the accident given after Williams had been wounded was that the other boy mistook the dog for a deer as Williams was walking with it along a skid road. He states he fired at the supposed deer and Williams unfortunately received the bullet in his chest.

The wounded boy was taken as quickly as possible to the Ladysmith hospital, where he is now lying.

REDS SPREAD NEWS WRANGLER RETREATED

The Bolsheviks Publish News
Among Mohammedans;
Turks Watch India

Constantinople, Nov. 5.—(Delayed)—South Russian anti-Bolshevik forces under command of General Wrangel still safely hold Perekop and Salkovo, keys to the isthmus leading from the Crimea to the mainland of Russia. Military observers declare General Wrangel has many long range 10-inch and 12-inch guns, as well as other heavy pieces, which have been placed to protect his line from the Bolsheviks, who also are concentrating their artillery forces. Along the seven-mile trench system across the isthmus, General Wrangel has established elaborate barbed wire entanglements.

It is recognized General Wrangel's withdrawal to the Crimea from Taurida has created bad morale and political effects. Moscow already is spreading news of the defeat through Islam, and among the Turkish Nationalists in Asia Minor, who have been awaiting the results of the coming winter before treating with the Allies. Events in India are being watched with particular interest by the Nationalists.

Dread Winter.
The impending winter is dreaded in the Crimea, where 2,000,000 people, with only limited food, little clothing and virtually no money, have suffered.

A dollar is worth 50,000 rubles at present in Sebastopol. Nevertheless General Wrangel hopes internal troubles in Soviet Russia will work in his favor.

FURTHER ADRIATIC CONFERENCE HELD

Rome, Nov. 8.—Italian and Jugoslav delegates who will seek to find a settlement of the problems arising from the future disposition of territories on the eastern shore of the Adriatic have arrived at Santa Margherita, near Genoa, and conversations between them will begin to-day.

Conditions in Ontario Jails Are Condemned

Toronto, Nov. 8.—"Conditions in Ontario jails are damnable," according to an interview in The Toronto Star weekly with Norman Somerville, a member of the Ontario Public Service Commission, which heard evidence last week to the effect that many of the jails were ancient and the conditions in them had not been changed in fifty years.

STONES AND RIFLES USED IN BELFAST

Fight Yesterday Developed
Into Fierce Affair; Cork
Hunger Strikers

Belfast, Nov. 8.—Fierce fighting, fortunately confined to a limited area, broke out in North Belfast Sunday morning, the neighborhood involved being the network of streets between Clifton Street and Old Lodge Road known as the Stanhope area, which has figured in every disturbance since July.

Hundreds joined in the fray, the Unionists with stones and the Sinn Feiners with revolvers and rifles.

Baton Charges.
A large body of police made repeated baton charges to keep the factions apart, until the arrival of the military with an armored car, when the rioters were soon dispersed.

A laborer was shot dead in Cork by a military cordon patrol Saturday night. The military assert that he twice refused orders to halt.

Several Killed.
Dublin, Nov. 8.—Several volunteers are reported to have been killed in a fight at the gateway near Tralee Friday.

Seventy-four arrests were made in Cork during the curfew hours Sunday night.

ARMENIA UNDER BOLSHEVİK CONTROL

Junction Effected by Turks
and Bolshevik Tartars;
Armenians Surrender

Constantinople, Nov. 7.—(Associated Press)—Armenia is passing under Bolshevik control, it is said in reports received here from Tiflis. Turks and Bolshevik Tartars have effected a junction at Alexandropol and it is probable the city of Erivan has been occupied by Turkish troops commanded by Kazi Karabekir Pasha. Armenian troops are reported to be surrendering or seeking refuge in Georgia.

The Russian Bolsheviks, it is said in reports from Sebastopol, are sending units from three armies now in the Crimean region to Baku and Transcaucasia.

SHOT IN LEG.
Vancouver, Nov. 8.—James Connolly was shot in the leg yesterday when he attempted to escape after knocking the officer down following his arrest.

DECLARES HIS LIFE WAS THREATENED

Pastor, License Inspector's
Evidence Following Killing
of Man in Ontario

Widow Says Her Husband
Had Only Cigarette in
His Hand

Windsor, Ont., Nov. 8.—Rev. J. O. L. Spracklin, Methodist minister and prohibition officer, who was put in jail last Saturday morning in connection with shooting to death of Beverly Trumble, an inn-keeper, was moved from here to Chatham. Removal of the prisoner was effected quietly and did not become known to others than officers until last evening. This action is said to have followed telephone messages to the jail here that an attempt at violence was contemplated by certain friends of the slain man.

Removal of Spracklin will not prevent resumption of the inquest to-night, it was said, the minister having submitted his testimony Saturday night.

Reports Threat.
"Babe" Trumble pressed his gun against the pit of my stomach, saying: 'Damn you, Spracklin, I am going to shoot you.' I knew it was his life or mine," was the dramatic testimony simply given at the inquest by Rev. Mr. Spracklin, a special license inspector for the Ontario Government.

Trumble's widow gave direct contradictory evidence, saying: "My husband had no gun. He had only a cigarette in his hand when he went out to meet Mr. Spracklin."

Two witnesses, both Spracklin's aides, corroborated the pastor-inspector's testimony. None of those in the hotel before the shooting saw Trumble with a gun. They did not see the shooting.

Searched.
Everyone in the crowd which filled the courtroom to capacity was searched upon entering for a possible concealed weapon. There was a heavy police guard in the courtroom and about the building.

The crowd was a demonstration, hearing the evidence in silence.

JUDGMENT FOR BAUER COMPANY

Echo of War Against Germany
in Decision Given at
Ottawa

Ottawa, Nov. 8.—(Canadian Press)—Judgment has been given by Mr. Justice Audette in the Exchequer Court in the case of the Bauer Chemical Company versus the Sana-togen Company of Canada and Wm. W. Barré, the finding being in favor of the Bauer Chemical Company. The decision is the first that has been rendered since the war involving the rights to trade marks covering the sale of German products sold in Canada, and it confirms the claims of the plaintiffs, the American company, to rights sold to them by the American Trade-Gustodian.

In the United Kingdom the official Controller and the business of the branch established by the Bauer firm of Bauer & Company, voided the trade marks and forfeited and sold their business. In the United States, after the republic had entered the war, the American branch of this firm incorporated into a new company, which also was forfeited and sold to the plaintiffs in the case just concluded.

No Enactment.
The judgment points out that although the Canadian Government passed a number of Orders-in-Council under the War Measures Act respecting trading with the enemy, no enactment can be found depriving the plaintiffs in this case of ownership of the trade marks in dispute. The judgment states that the sale by the American Custodian has purged any taint of German ownership, and that the American company is entitled to the trade marks in question. "The action," says the judgment, "is based upon a sale or title derived from the Government of a friendly nation allied with Canada in the war and the Canadian legislation and Orders-in-Council respecting trading with the enemy do not affect such a transaction."

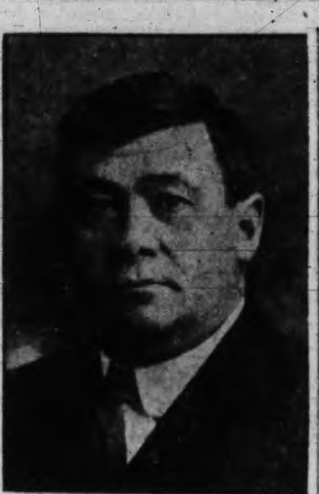

**"BONDS" HE FOUND
ONLY PHOTOGRAPHS**
Hamilton, Ont., Nov. 8.—Under the impression that he had discovered in the Hamilton Museum bonds worth \$15,000,000, representing payment by the United States to Great Britain for certain Alabama Claims, "Scotty" Wallace sent numerous messages to the White House at Washington. A United States Government official from Buffalo examined the "bonds" to-day and found that they were only photographs of bonds.

CAMION TO RETIRE.
Paris, Nov. 8.—The retirement at an early date of Paul Camion as French Ambassador to Great Britain is forecast by The Echo de Paris.

SUCCESSFUL LEAGUE AND MILLENIUM ARE PREDICTED

St. John, N.B., Nov. 8.—The sure establishment of the League of Nations, the separation by legislation at least of Ireland, India and the Overseas Dominions from Britain, and the near approach of the second coming of Christ are to be expected as the fulfillment of Bible prophecy, according to Rev. R. P. McKim, rector of St. Luke's, a prominent Church of England minister here, in a sermon delivered last night.

Senator Shatford Died Suddenly in Vancouver

LATE SENATOR SHATFORD

FOUR JUDGES WERE HEARD IN EVIDENCE

Gave Views at Sitting of Ontario Public Service Commission

Toronto, Nov. 8.—Chief Justice Sir William Meredith appeared to deny the novelty of appearing as a witness here on Saturday when he gave his views on some matters of public interest before the Ontario Public Service Commission. Chief Justice Sir William Meredith, Mr. Justice Middleton and Mr. Justice Orde also testified.

On the question of the reimbursement of a person tried on a criminal charge and acquitted, Sir William Meredith expressed the opinion that in the case of a man charged with crime and honorably acquitted, the Crown should be penalized in damages the same as a loser in a civil proceeding.

All Facts.
Asked as to what he thought of the proposal that there should be a Government defender as well as a public prosecutor, Sir William replied that if the Crown could not do its duty he would state to the court facts favorable as well as adverse to the accused and not unduly press for conviction at all costs.

All four justices were against any changes being made in the ancient institution of the grand jury, which they considered was a barrier to safeguard the subject against being unjustly convicted or improperly placed on trial.

SUB-CHASER NOW A WHISKY CHASER

Duluth, Minn., Nov. 8.—According to reports received here, a German sub-chaser is due here to-day, and will be used to aid Federal prohibition agents of the Northwest in carrying out their warfare against whiskey runners alleged to be operating in fishing boats along the western shores of Lake Superior. The chaser is said to be armed with three long range guns and manned by a crew of twelve men and an officer. The fishing boats, reports here said, have been operating out of Canadian ports and have proven elusive to available watercraft.

The chaser was called in to aid in an effort to break up the most recent offensive of the whiskey runners.

MR. KING SPEAKS IN YORKTON

Liberal Leader Will Go to
Denver, Colorado, For
a Visit

Held Two Meetings in Constituency of Provencher, Man., Saturday.

Winnipeg, Nov. 8.—Hon. W. L. Mackenzie King spent the week-end in Winnipeg. To-day he left for Yorkton, Sask. to address a meeting in that town. In the evening he will return to Winnipeg, and on Tuesday will leave for Denver, Colorado, where he will remain for a day or two and then leave for Eastern Canada.

At two meetings which were held at St. Jean, in the Provencher constituency, Saturday, Mr. King was greeted by about 2,000 persons. Among those who accompanied Mr. King on the platform were Dr. J. P. Molloy, M. P. for Provencher as well as J. G. Baekerville, Emerson; Alex. Waddell, president of the Provencher Liberal Association; Morris Dupuy; M. P. for Carleton Place; J. P. McNeil and William Chubb. Great enthusiasm characterized both meetings as Mr. King presented the case for Liberalism. Hon. H. S. Boland, the other speaker, also made himself very popular.

At Lethbridge.
Lethbridge, Nov. 8.—Premier Meighen and Hon. J. A. Calder arrived here this afternoon from Kamloops and to-night will address the first of a series of four Alberta meetings. They were met by a deputation of citizens and escorted to a luncheon at which many prominent men of the province were present. During the afternoon the Prime Minister received a deputation of war veterans who urged the importance of providing for soldiers' settlement on irrigated lands.

Later he addressed the students of the Lethbridge High School and attended a reception tendered himself and Mrs. Meighen by the ladies of Lethbridge.

The Premier spent the week-end at Kamloops, where he ascended in a seaplane.

Mr. Meighen.
Calgary, Nov. 8.—Having concluded his tour of British Columbia, Premier Meighen to-day is on his way to Lethbridge, where to-morrow night he will open a series of six meetings in Alberta and Saskatchewan. The Prime Minister's Western tour will end at Holland, Man., on November 16, after which he will leave for Ontario, and on Friday, November 19, he is to speak in Massey Hall, Toronto.

TRINIDAD-CANADA CUSTOMS SCHEME

Trinidad Government Announces Tariff Revision Following Ottawa Conference

Port of Spain, Trinidad, Nov. 7.—The local Government has announced a revision of the customs tariffs under arrangements made with Canada for granting a preference to her products according to the decision reached at the recent Ottawa conference. Under the new revision, all foodstuffs and cattle feeds produced in the British Dominions are made free of duty, as are also British-produced machinery and certain other goods and glassware. The duty on United States foodstuffs is now fifty per cent more than on similar Canadian products. The duty on motor cars, jewelry, and plateware has been increased by 10 per cent, and on foreign-made machinery by 2½ per cent.

The new tariff provides for the imposition of duties ad valorem, the goods being assessed for duty at the exchange rates instead of at par.

ROBBED OF \$9,500.

Winnipeg, Nov. 8.—Frank Sapara, a wealthy Polish farmer from Tantal, Sask., was robbed by pickpockets of \$9,500 while about to board a train at the Canadian Pacific Railway station here Sunday night on his way home to Poland.

CORRESPONDENT WAS GIVEN WARNING

Told He Must Submit Dispatches to Police in Ireland

Sir Hamar Greenwood, Chief Secretary for Ireland, was questioned last Wednesday regarding a story from a staff correspondent in Ireland of The Daily News to the effect that the correspondent's life was in danger from "Black and Tans" because he wrote "the truth."

The Government, said Sir Hamar, had not been informed of the threat, but he had instructed the district inspector at Tralee, where the threat was alleged to have been made, to give protection to all newspaper correspondents.

In Glasgow.
London, Nov. 8.—Several hundred rounds of ammunition and a number of rifles have been stolen, supposedly by Sinn Feiners, from the Orange Hall in the Corvaddene district of Glasgow, according to The Daily Herald. The raid was discovered Sunday by a policeman, who found the words "Commanded for the citizenship army," chalked on the wall of the hall.

WINNIPEG CLUB

Head of Salvation Army Spoke
to Two Big Audiences
Yesterday

Winnipeg, Nov. 8.—General Bramwell Booth, world leader of the Salvation Army, will address a Canadian youth assembly to-day. To-night he will be the chief speaker at a Salvation Army missionary meeting.

General Booth addressed two immense meetings in the Convention Hall Sunday.

Sir James Atkins, Lieutenant-Governor of the Province, presided at the afternoon meeting, and church leaders from every denomination were in attendance. All spoke glowing terms of the Army's work in moving a vote of thanks to the General.

\$150,000 FIRE.

Petaluma, Calif., Nov. 8.—The steamer Gold, twelve cargoes of freight and a wharf and warehouse were burned here early to-day with a loss estimated at more than \$150,000. Crossed wires were believed to be the cause. The Gold had 100,000 pounds of hops on board.

Three-Cornered Contest in East Elgin, Ontario

Aylmer, Ont., Nov. 8.—There were no last-minute withdrawals in the East Elgin Dominion by-election and the following were nominated: W. M. Graesslin, teacher, Welland; Liberal: John Ross Stansell, farmer, Hamilton; National Liberal and Conservative: and S. Sydney Smith, McDermid, farmer, Port Burwell, Farmers' Party.

Ottawa, Nov. 8.—(Canadian Press).—It is announced from Liberal headquarters that Hon. W. L. Mackenzie King, whose western tour is about over, will speak in support of the Liberal candidate in East Elgin, Ontario, at a meeting to be held at Aylmer on November 13. This is the only meeting so far arranged for the Opposition Leader in the constituency, but he may appear at two or three points before polling day, November 22.

Reports received here in regard to the progress of the campaign in East Elgin indicate that the three-cornered fight is a hard one, and that the result is liable to be very much in doubt until the vote is counted. It is not expected that Premier Meighen will speak again in the constituency, as he will not be back in the capital until November 13.

Premier Oliver's Name to Go Before Convention To-night

More Than 1,000 Persons Seek Admission to Great
Liberal Nominating Meeting To-night At Alexandra
Hall; T. A. Barnard to Oppose Hon. William Sloan.

Premier John Oliver has given consent for his name to go before the Liberal convention to-night as one of the four candidates of the party in this city.

The other names which will be placed in nomination include those of the Hon. John Hart, George Bell, Henry C. Hall, Joseph B. Clearhugh and Dr. Lewis Hall.

In addition to the foregoing, Mrs. Cecilia Spofford, Mrs. H. P. Hodges and Col. Ross Napier are being urged to come forward. Large delegations have been waiting on Col. F. A. Robertson and pressing him to run.

Dr. Ernest Hall, in making public his candidature to-day, announced that he would run as an independent Liberal and supporter of Premier Oliver, under the same terms as those accepted by Mr. R. Jackson, K.C., in the Islands, if to-night's convention would nominate him.

Alderman Todd Drops Out.
Alderman A. E. Todd, who is in Los Angeles, announced his withdrawal from the political field here. A few days ago he said he would run as an independent. He has now dropped out and will, it is understood, support the Oliver Government. The final statement of the Alderman's withdrawal was given out to-day by J. Hebbden Gillespie.

Premier Oliver will not be able to attend to-night's convention which will open at the Alexandra Hall at 8 o'clock. He will arrive in Victoria to-morrow morning from his tour of the Interior.

Eleven hundred tickets of admission have been taken up for the convention.

W. M. Ivel, President of the Victoria Liberal Association, will preside. While the ballots are being counted a program of music and Scottish entertainment will be given.

Dr. Hall's Position.
Dr. Ernest Hall has definitely entered the political contest, and will run as an independent. This decision was arrived at on Saturday evening. He will hold an open convention of his friends talked over all aspects of the question, and pledged his support to Dr. Hall's nomination paper will bear the names of Arthur Lee, Charles G. D. Christie, as nominators, and already carries a large number of assenters.

This morning Dr. Hall said that he might well be described as an independent Liberal, inasmuch as he had a hearty admiration for the Hon. John Oliver, and would generally be in support of the Premier should he succeed in entering the House.

Dr. Hall's platform is as follows:

1. Such legislation that will lessen the evils of the liquor traffic to the utmost extent consistent with the will of the people as expressed in the recent plebiscite.
2. The extension of the scope of the Workmen's Compensation Act so as to include sickness as well as accident.
3. The extension of such benefits to the wives, families and dependents of the workman.
4. Free maternity attendance.
5. Bonus to mothers.
6. Free hospital attendance.
7. The development of our coal deposits and water powers for the benefit of the people.

No Prohibition Ticket.
President H. A. Beckwith, of the Prohibition Party, this morning said there would be no prohibition ticket in the field for this election, but explained that the party would be glad to see either independents or party candidates adopt a prohibition plank.

Any suggestion that a Prohibition ticket might be entered was a complete surprise to him.

The Soldier-Labor-Farmer combination will hold an open convention of Esquimaux voters at 8 o'clock this evening at the Esquimaux Club, Esquimaux, when it is expected that a candidate will be named to contest the seat with R. H. Pooley and H. C. Heigesen. Up to mid-day to-day there was nothing to indicate who would be the candidate for the seat, which will be open to everyone willing to accept the platform of the party.

Workers in the interest of Capt. Orford, the Soldier-Labor candidate for Saanich Riding, will meet at the G. A. U. V. headquarters to-morrow night in order to perfect organization. For the city contest the Soldier-Labor organization is getting into good shape, and is relying to a great extent on the work of women canvassers.

In the Islands Riding Col. Carey, the Soldier-Independent candidate, (concluded on page 4)

FEWER MUSKRATS WILL BE TRAPPED

Slump in Fur Prices Affects Trappers, Says Winnipeg Dispatch

Winnipeg, Man., Nov. 7.—The northern muskrats are looking to a comparatively undisturbed rest in their winter houses this year, for although most of us would feel hurt if we were suddenly informed that we were only worth a tenth of our value a year previously, it should be a source of unadulterated joy to the muskrat, who when his hide was worth 15 led a very precarious existence, but now that it is down to fifty cents will be more or less ignored.

Last fall trappers flocked into the north country in their hundreds, lured on by phenomenal prices of fur. Many men absolutely ignorant of the habits of furred animals, and equally at sea in the matter of setting traps, ventured out on the cold trails, and even the veteran amateur was unfortunate if he did not secure sufficient pelts to make a total more than his expenses. This year, however, everything is changed. Fur has taken a great slump, and as there seems no indication of a rise for some time to come, trappers are turning their attention to more profitable vocations.

In this early Spring this year the slump came, and so suddenly that few of the traders had an opportunity of unloading, and the majority of them are still holding large batches of fur worth only a fraction of the money they paid for it.

SAME RIGHTS FOR WOMEN AS MEN

Milan, Nov. 8.—At the International Conference yesterday of the employees of the postal, telegraph and telephone services there was a discussion of the rights and duties of women employees. It was decided that the women should have the same rights as men, but that it should be left to the decision of each national organization what their duties should be.

"LITTLE ENTENTE" FORMED IN EUROPE

Poland Does Not Join Czecho-Slovakia, Serbia and Roumania

Warsaw, Nov. 7.—It was semi-officially announced Saturday that Poland had decided not to join the "little entente" formed by Czecho-Slovakia, Serbia and Roumania for their protection against Russia, or enemies in the Balkans, for the present. It was explained in diplomatic circles that Poland approved an alliance with Roumania but disapproved entering the "little entente" now because of Poland's relations with Czecho-Slovakia over the Teschen plebiscite.

NEW YORK UNION JACK INCIDENT

New York, Nov. 8.—(Canadian Press)—A group of persons, mostly women, who sympathize with the Sinn Feiners and the move to make the United States recognize the independence of the British flag with other Allied emblems over the entrance to the Capital Theatre, Broadway and 121 Street, caused a disturbance Sunday afternoon, when one of the number tore the flag in two while others made the demand of the theatre management that it be kept down the rest of the week.

In commemoration of Armistice Day the theatre prepared a special programme calling for appropriate decorations. Philip Cape, house manager of the theatre, himself Irish and a former major in the United States army, had defended the flag and successfully had battle with one man who tried to tear it down.

During the fight women ascended a ladder and snatched the bunting down. Another British flag was put up, and policemen, Irish-Americans, stood guard.

WORK TO INCREASE PRAIRIE POPULATION

Kitchener, Ont., Nov. 8.—A travelling committee of the Western Canada Colonization Association has visited industrial centres in Ontario with the object of securing key-men in the industrial life of each community.

Everywhere the delegation has been met with great enthusiasm on the part of well known Ontario business men, who, as well as becoming subscribing-founders, pledged themselves to aid the association in securing members from other industries in their cities. Galt, Hespeler, Preston, Waterloo, Brantford and Dundas were visited, and the association numbers among its members now R. O. McCullough, senior member of Messrs. Goldier and McCullough, of Galt; Geo. D. Forbes, of R. Forbes & Co., Ltd., Hespeler; Clara Bros., Preston; Geo. C. Lang, head of the gerta Canadian tanning business, of Kitchener; E. W. B. Snider, head of the Waterloo Manufacturing Company, Ltd., Waterloo; C. H. Waterous, president of the Waterloo Engine Works, Brantford, and F. L. Lalor, M. In no community have the representatives of the Western Canada Colonization Association met with a repulse. Everywhere they have found a cordial response to their proposals. At every point in the East visited they have found Eastern manufacturers and business men ready to co-operate with the business men of the West in closer settlement of the prairies with a view to increased rational production and prosperity.

TO STUDY SOIL.

Saskatoon, Sask., Nov. 8.—One of the newest lines of study added to the curriculum of the University of Saskatchewan at Saskatoon is that of soil physics. This will be undertaken in an effort to overcome dry-farming conditions.

A Blood-Food Discovered That Entirely Overcomes Anaemic Weakness

CAREFULLY INVESTIGATED REPORTS ESTABLISH TRULY WONDERFUL RESULTS.

Heretofore it has often been a hopeless task for a thin-blooded person to gain vigor and strength. Neither food or medicine in many instances had beneficial effect. What is practically a perfect blood-food, containing such elements as iron, has at last been found, and when taken after meals will put new life and vigor into people that have despaired of ever being strong again. This truly wonder-working treatment consists of taking two small chocolate-coated Ferronase Tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim, energy—sends a stream of vigor through the blood to every nook and corner of the body, makes every muscle and fibre sing, with new-found life and health. That gnawing tiredness leaves you Ferronase drives it away. Sleepless night are turned into periods of rest, and you pick up fast. Day by day your appetite improves—this means more food is transformed in nutrition that will build and energize weak organs. The inclination to worry passes away because Ferronase imparts nerve—tone and bodily strength that prevents depression. Think it over—Ferronase is a wonderful tonic, in fact, it is more than a tonic, because it establishes health that lasts. Thousands use it and thereby cleanse and restore the entire system to a perfect condition. You'll feel the uplifting power of Ferronase in a week—it's bound to help you if you only give it the chance. Ferronase drives it away. PLANE HIT MOUNTAIN; U. S. AIRMAN KILLED

Washington, Nov. 8.—John P. Woodward, air mail pilot, whose body was found yesterday in the wreckage of his plane near Laramie, Wyo., met death through flying into a mountain side in a dense fog, said a report received today by the Post Office Department.

The Salt Lake City landing field reported that a weather bureau warning of fog was received a few minutes after Woodward had left for Cheyenne.

DEMONSTRATION IN GERMAN CAPITAL

Berlin, Nov. 8.—The left wing independent Socialists joined with the German Communists Sunday morning in commemoration of the anniversary of the Russian revolution. The demonstration brought a crowd of 15,000 to the Lustgarten, opposite the former imperial palace, where orators lauded a world revolution, and the demonstrators praised the Third Internationale. The demonstration passed off in an orderly manner, the police not even being obliged to control crowds.

ACHES AND PAINS—

SLOAN'S GETS 'EM!

Famous Pain and Ache Liniment Kept Handy, Brings Warming, Gratifying Relief.

RHEUMATIC twinges ease up soon. So do stiff joints, lame back, neuralgia, overtaxed muscles, and those pains from weather exposure, too—they don't fight long against the counter-irritation that Sloan's Liniment produces.

Always keep this old family friend handy for instant use—a little penetrates without rubbing, leaving no skin stains, mias, or clogged pores. Its very odor—healthy and stimulating—suggests the good it will do. Made in Canada.

All druggists. Three sizes—35c, 70c, \$1.40. Large size is most economical.

3,200,000 ACRES ADDED TO TOTAL

Successful Drainage Schemes Carried Out in Manitoba Farming Areas

Winnipeg, Nov. 8.—Since the inauguration of the drainage schemes in Manitoba approximately 3,200,000 acres of land have been brought under cultivation. This land formerly was useless from an agricultural standpoint.

Fifty miles of dredged channels have been constructed this year at a cost of \$140,000. Thirty miles of these channels are in the St. Charles River, and twenty miles in Morris municipality, southern Manitoba. They have been constructed to take care of flood waters in the Spring, and also for draining marshes, and will assist materially in bringing waste land under cultivation. In the St. Charles district alone seventy-two sections of land have been made available for cultivation. Cultivated land is relieved from the danger of spring floods.

CANADIAN FELLOW OF OXFORD NOW

Percy Ellwood Corbett Elected; Appointed to All Souls College

Montreal, Nov. 8.—The news of the election of the first Canadian to be a fellow of the University of Oxford is contained in a cable of congratulations from Lord Milner, Secretary of State for the Colonies, to the Governor-General of Canada.

The newly-elected fellow is Percy Ellwood Corbett, a Rhodes Scholar for Quebec in 1913, and originally of Qu'Appelle, Saskatchewan. He has been appointed to All Souls College, Oxford.

ACCIDENTS CLAIM MONTREAL VICTIMS

Montreal, Nov. 8.—R. Versey, aged eleven, was almost instantly killed when run over by an automobile here Saturday afternoon.

Germain Morin, aged seven, suffered internal injuries from which he died when struck by an automobile on Sunday.

Louis P. St. Louis, aged sixty-three, was fatally injured when struck by an automobile Saturday night.

Mrs. Mary Hill died in the hospital last night following a fracture of the skull sustained when knocked down last Thursday by an automobile.

Mrs. A. Douglas, fifty-two, suffered a broken arm and a severely cut head Sunday when struck by an automobile. Her condition is serious.

"BUILDING TRUST" GRAFT IN NEW YORK

New York, Nov. 8.—That nearly half a million dollars in graft was collected by Robert P. Brindell, president of the Building Trades Council of New York, and his organization between April and October of this year, is the estimate of accountants employed by the joint legislative committee that has been investigating the "building trust" in this city.

PENNSYLVANIA HAS GREAT APPLE CROP

Philadelphia, Nov. 8.—The crop of apples in Pennsylvania this year as a result of several weeks of mild weather in the Fall is estimated by the Federal Reserve Bank for this district at more than 21,000,000 bushels. Last year more than 7,000,000 bushels were produced.

MUCH WHEAT IS IMPORTED BY BRITISH

Big Transactions With United States Shown by September Report

Ottawa, Nov. 8.—(Canadian Press)—Abnormal purchases of grain and flour, mainly representing transactions with the United States, was a feature of the September importations of Great Britain, according to a report made by Harrison Watson, Canadian Trade Commissioner in London. While the August imports of grain and flour were regarded as being abnormal, they were exceeded in September by nearly \$5,000,000.

Although the monthly figures covering trade do not vary greatly in their aggregation of value, so far there are distinct signs of trade reaction in the Mother Country, according to Mr. Watson. A considerable fall in the value of imports of raw materials for manufacturing purposes gives cause for apprehension, as does also the revival of industry in continental countries.

STEAMSHIPS SOLD BY U. S. BOARD

Washington, Nov. 8.—Sale of the 3,500 deadweight ton steel cargo steamship Cramp to the Atlantic Gulf and Pacific S. S. Company, of Baltimore, for \$1,739,000 was announced today by the United States Shipping Board.

Fifty-one Government merchant ships of all types were sold from August 1 to October 30 for a total of \$24,676,000; the Board announced. The 3,771 deadweight ton cargo steamer Scottsburg, sold to the George S. S. S. Company, of New York, brought the highest price, \$2,266,965.

Europe's Triangle of Suffering

At the eastern corner of the European Triangle of Suffering, Mr. Herbert Hoover, Director-General of Relief for Europe, on behalf of the Allied Nations, came to Canada to launch the appeal on behalf of the British Empire War Relief Fund. That fund is being raised throughout the British Empire to combat disease and distress in Europe. The Canadian Red Cross through all its provincial divisions, will make the appeal in Armistice week.

Mr. Hoover, who is recognized as the best authority in the world upon European conditions, spoke with the quiet conviction of one whose message was sufficient in itself. In commencing he said he knew that the sacrifice of the Canadian people, individual by individual, had been in excess of that of his own people, but he said he knew that the charity of the Canadian heart was inexhaustible, and he felt there coming to discuss with them the problem that confronts the western hemisphere towards the east.

"The Greatest Problem" "To me," Mr. Hoover said, "the greatest problem of the human heart in the world today is this problem of a myriad of waifs and orphan hungry children through Easter and summer months. The slaughter of fifteen million men could not have left millions of helpless hungry children in its track, and upon their well-being must depend the upbuilding of Europe. There are literally millions of children in those countries sunk so low in destitution that they cannot survive the winter. They must receive extraordinary assistance."

"\$3 Saves a Child" "We have found by experience that the cost of caring for a waif child is approximately \$3 a month—that of the supplies that are required for imports about \$1 is needed, and therefore the dollar that we provide together with local support practically preserves the life of one child. It is not much a sum—\$3 per month per child—and although the calls may be very considerable upon every people and upon ours, we still have something after we have cared for our children and our neighbor's children."

"A World Problem" "Our present problem over the forthcoming winter appears to be about 3,500,000 to 4,000,000 children. We feel that if we could find among all nations \$4,000,000 per month, we could solve this problem. Surely it is not much for a whole world to find. It is a heavy burden for charity, but it is so appealing in its necessity that I have no doubt that charity will find it. These children are the obligation of every man and woman in the Western Hemisphere, for we have suffered less, beyond that they are a charge on the heart of the entire world. If we are to preserve the foundations for the future stability of Europe, if we are to keep open the love for humanity, our duty is clear before us."

IRELAND AND NAVAL QUESTION

London Papers Comment on Asquith's Remarks About Irish Navy

London, Nov. 8.—(Canadian Associated Press).—Ex-Premier Asquith when speaking at Cardiff, said that he had been absurdly reported as proposing to allow Ireland to equip herself with what was called a navy which would be a "constant menace to our shores." His remark gave Ireland nothing in this respect which was not given the great Dominions, whose navies only existed for definite purposes, and on terms agreed upon between the Imperial and Dominion Governments, whose officers, in all international matters, obeyed the Imperial Government's orders, the fleet being transferred to the control of the Admiralty in war time.

Commenting on this, The Chronicle, a chief of the Coalition organs, says that this course, in fact, is a pure safeguard which suffices in the Dominions because good will is present, but in Ireland's case, the recent manifestations of her wild have been war-time conspiracy with the Germans and a post-war conspiracy of domestic murder and "world-wide" defamations against us.

The Daily News, an anti- Coalition organ, says that Ireland would be in everything but name a republic, as in fact the Dominions are, the sole power withheld from her being the right to declare war.

FIRE IN HOLD OF SHIP PUT OUT

San Francisco, Nov. 8.—With fire in the hold of the 2,600-ton Pacific Mail liner Newport, Captain George Mackay, non stop 150 miles to the nearest port of Corinto, Nicaragua, while for thirty-six hours the crew fought the blaze secretly to avoid panic among passengers, most of whom were women and children, it became known today, when the Newport arrived from Cristobal and was put out.

The fire was reported extinguished shortly after arrival in Corinto, it was said, but reappeared two hours later and was put out.

The origin of the fire, which is unknown, delayed the Newport twelve days.

If your digestion doesn't assimilate ordinary food, and health requires something attractive to taste and easy to digest, try Grape-Nuts

the wheat and barley food. "There's a Reason"

St. Martin, Que., Nov. 8.—Hon. Rodolphe Lemieux, addressing electors of this county Saturday afternoon, expressed the conviction that Government operation of railways could not be a success. This policy of Government ownership and operation, he said, placed Mr. Meighen in the class of Dolanists. He predicted that railways acquired by the Government would later be handed back to their original owners.

Other speakers urged on the audience the desirability of keeping away from the United Farmers' movement, which they claimed had its origin in conspiracy.

WOMEN SMOKING PIPES IN ENGLAND

Some Said to Be Swinging Over From Use of Cigarettes

Saskatoon, Nov. 8.—Just when it is announced that the Massachusetts Women's Christian Temperance Union has proclaimed its acceptance of the "divine commission" to conduct a crusade against tobacco comes to Saskatoon Miss Gladys Boughton, of London, with the word that fashionable women of England are taking up pipe-smoking.

"The women of England who have adopted the pipe habit are among the best bred and most fashionable," Miss Boughton said. "They have simply taken a step beyond cigarette smoking and are following a fashion set by their sisters of high degree on the Continent."

But, according to the visitor, these advance smokers preserve their femininity and display their accustomed love of the beautiful by smoking pipes that are really artistic creations.

A member of a firm that is specializing in the manufacture of these "Lady Nicotine" pipes, told me there were hundreds of pipe-smoking women in England," Miss Boughton added. "He declared it was not a passing fad or a fancy. A special mild tobacco was blended and this dealer said he sold about sixty pounds of it a week. And new customers were coming in at the rate of five a week."

Miss Boughton thought economy had something to do with it. It was cheaper to smoke a pipe than to form an appetite for perfumed cigarettes.

BRIGHTER FUTURE FOR SOUTH AFRICA

Union of Parties Under Smuts Is Fine Empire Move

London, Nov. 8.—(Canadian Associated Press).—The Times says that General Smuts's patriotism and wisdom and that of the Dutch-speaking people who call him leader have saved South Africa from the dark certainty of a civil war.

"They made attempts at reconciliation with Hertzog and the Nationalists, but always on the stern condition of no compromise with Nationalism, which the Nationalists would not concede," the paper says. "General Smuts has now turned to appeal to all South Africans who believe in racial unity, to reject republicanism, which appeal has been enthusiastically received by his own and the South African Party and also by the Unionists, which party represents almost wholly the English-speaking South Africans, led by Sir Thomas Smuts."

The new pact to be formed may involve the complete disappearance of the Unionists."

Both component parts of the new party, says The Times, make costly sacrifices, namely, Smuts and his party, that of a formidable breach with men of their own race, and Smart and the Unionists that of the identity of their party with all its traditions and proper pride. Both will have the abiding consolation of the knowledge that devotion to their country's welfare is worth infinitely more than racial ties or party triumphs.

TWO NEW JERSEY MURDERERS CONFESS

Mount Holy, N. J., Nov. 8.—Frank J. James and Raymond W. Schuck, both of Camden, confessed yesterday, according to the police, that they had killed David S. Paul, a Camden bank runner, ribbed him of \$40,000 in cash and buried the body in the Jersey pines near Tabernacle. The money was buried in Evergreen Cemetery in Camden, and most of it has been recovered, the officers stated.

The alleged confessions were given in signed statements at the Burlington county jail here, where both men are prisoners. Although neither man was aware of the other hand confessed, the officials stated, their stories were almost identical on important points.

According to the detectives, the confessions indicated that Paul, who was taking \$40,000 in cash and \$20,000 in securities from one bank to another on October 5, was picked up by James and offered a ride in an automobile. Schuck got in the car later and, with the back curtains down, Paul was struck over the head as the automobile proceeded. He was knocked unconscious and later killed. The body was thrown into a small stream in the outskirts of the town.

NOTHING NEW YET.

There is a deplorable paucity of new argument in the various public utterances to which Mr. Bowser is treating the provincial electorate. On his return from the Mainland on Saturday he repeated his expressions of disgust of the manner in which the Oliver Administration has conducted its borrowings during the four years in which it has been entrusted with the affairs of the country. The Leader of the Opposition sees no benefit from the various loans floated by the Province during the last four years. Nor does he believe the public can see any results. He is quite right up to a point. Four millions of dollars went to pay some of the more pressing bills left by the late Administration and nearly fourteen millions of dollars have gone into the Pacific Great Eastern Railway—a typical Bowser legacy. From the eighteen millions thus expended, of course, it is rather difficult for a very large section of the general public to work up even a reasonable amount of enthusiasm. But the rest of the Government's borrowings, as Mr. Bowser fully understands were he to be honest with himself and the people, have been absorbed by good investments from which the Province actually will derive benefit. But how does the Leader of the Conservative Party reconcile his complaint about the Government's financing in the face of a general tendency on the part of the money markets to offer premiums upon British Columbia's securities? And how does he hope to justify his demand for an immediate completion of the P. G. E. to the Peace River country at a cost of about twenty-five millions of dollars when the greater part of the borrowing conducted by his successors in office in which neither he nor the majority of the people can see direct benefit is that involved in this enterprise?

OMINOUS SIGNS.

An unexpected aftermath of the recent miners' strike in Great Britain is the resignation of the Right Hon. William Braze, M. P., from the presidency of the South Wales Miners' Federation and the intimation that other leaders whose views do not coincide with the revolutionary element are on the point of severing their connection with British trades unionism altogether. Particular interest attaches to this decision of Mr. Braze. He took a very prominent part in the negotiations which brought the strike to an end and all through the dispute he pleaded with the Welsh miners to forsake their growing tendency to accept revolutionary tactics as the substitute for trades unionism. Upon every occasion a vote was taken by the Welshmen in conference Mr. Braze found himself in a minority and his disgust of the treatment meted out to him has led him not only to a decision to sever his connection with organized labor altogether, but also to relinquish the parliamentary seat he has held since 1910 as member for Glamorgan.

Defections of this kind very naturally promise a crop of serious possibilities for British industry in general. It is obvious that industrial peace is out of the question as long as the radical elements are permitted to control the affairs of the Miners' Federation. And what is to prevent their ascendancy once the advice of the more moderate of its leaders is withdrawn in disgust? The natural consequence in this and other organizations would be the gradual adoption of tactics that would freeze out such men as Thomas, Braze, Clynes, Adamson and Hartshorn

and leave the revolutionary gang in supreme control. Nothing would then be easier than the adoption by the Trades Union Congress of a policy of direct action applicable to all the vital industries within twenty-four hours whenever the occasion appeared to demand it. And whatever may be the immediate result of the recent settlement with the coal miners, the growing desire on the part of British radicalism for a real fight with constituted authority has been postponed and not avoided. When it comes the people will let the disciples of Bolshevism have a taste of the force of public opinion. But the test may be a costly business.

TEA TO COST LESS.

For some considerable time past the average household tea has been retailed at anywhere from sixty-five to eighty-five cents per pound and a long suffering public has paid the price with as good a grace as it has paid exorbitant rates for many other essential commodities. Neither the actual value of tea nor the actual value of sugar retailed at fanciful rates has been allowed to cut any figure in domestic bookkeeping. It has been a case of take it or leave it, and the people have taken it. But sugar already has taken a downward tumble because a break on the American market caused the Canadian refiners to disgorge their hoards. What has been proven of sugar is now true of tea. Authority for the statement that tea is to cost less is based upon a dispatch from Toronto to the effect that one Canadian tea firm already has announced a fifteen cent cut in the retail price of one of its popular brands, while other well known houses are expected to fall into line. But the reason for this sudden drop furnishes one more striking commentary upon the game that the combines of this and other countries play upon the consumer. Because British merchants have been unable to get their "long-hoarded stocks in on the Russian market" there is a glut on the British and Canadian markets. It is interesting to observe, however, that the tea blenders of this country have not courted popular condemnation by asking for a Board of Commerce order to maintain their profits "in the public interest."

SENATOR SHATFORD.

Political circles and public life in general lose a prominent figure in Senator Shatford, whose death took place in Vancouver this morning. For fourteen years he occupied a seat in the Provincial Legislature as the representative of Similkameen, and he was one of the few Conservative members to survive the election in 1916. He continued to serve his constituency until his translation to the Senate more than three years ago. The late Senator Shatford took his politics seriously and always possessed the happy faculty of winning the confidence of supporter and opponent alike. It was largely his personal popularity and his steadfastness of purpose which guaranteed his continued re-election to the Legislature. And although accustomed to support the majority party in the House for so long a period, one session in Opposition found him just as ready to assist the Administration of the day.

WRANGLER IN DISTRESS?

Military observers appear to be placing a good deal more reliance upon General Wrangel's supply of ten and twelve-inch long range guns to assist him to escape from his uncomfortable predicament in Southern Russia than is warranted by the circumstances. And while there are plenty of rumors indicating a general revolt against Moscow rule in Central Russia, indications that any organized movement against Lenin has reached a stage which would compel him to withdraw troops from the Southern arena are lacking. On the contrary reinforcements released by reason of the armistice with Poland and the Ukraine already have made their appearance before the hard-pressed armies of the anti-Bolshevik commander.

NOTE AND COMMENT.

Both Premier Oliver and Mr. Bowser are assured of victory at the polls on December 1. The only "voice" that is not heard is that which will confirm one of the assurances.

Nova Scotians had an opportunity to appear before the Tariff Commission at Halifax this morning. In the meantime the Prime Minister is touring the country in defence of the Government's tariff policy. What a game it is to be sure!

According to a Montreal dispatch chaos still reigns in the sugar market, with a strong tendency towards lower prices. The consuming public will put up with the "chaos" as long as the price drops a little nearer to normal.

If the Rev. J. O. L. Spracklin had known that his complaint about the inefficient manner in which Ontario's liquor laws were being evaded along the border line was destined to lead to his own appointment as a prohibition officer and a subsequent glimpse of the interior of a jail in the role of an amateur "gunman" there is reason to believe that he would have hesitated.

The plans for Johnson Street Bridge have been approved by the Chief Engineer of the Dominion Public Works Department and a report is in course of preparation for submission to the Cabinet. Here is an opportunity for Mr. Meighen to speed action so that the preliminaries to construction of the bridge proper may provide work for unemployed ex-service men.

It would be wise for the general public of this Province to be warned against any attempt to make the question of Government control of liquor the paramount issue in the election. The Legislature, after selection by the people, to conduct the whole of the business of the Province should be fully competent to deal with one problem in its initial stages. What will happen eventually may only be prophesied.

OTHER PAPERS' VIEWS

HIGH PRICES

(The Uxbridge Journal.)
A woman, we are told, was buying a pair of scissors at a department store and the price asked was a dollar. She suggested that a dollar was a big price. The clerk explained that steel was higher. Steel is generally quoted by the ton, and the chances are there would not be ten cents worth of steel in the scissors. Clothing concerns in the States and Canada that have recently discovered a falling off in buying, declare that people have reached the point where they won't buy at the high prices, and that prices must come down. An American manufacturer claims that high wages have been the main cause of high prices. He stated that pocket makers got \$100 a week. Whatever the cause, they certainly have been getting at the people's pockets.

WHERE IT STARTED

NIGHT SCHOOLS.
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

The first night school for people who worked all day was started at Bala, Merionethshire, Wales, by Rev. T. Charles in 1811. Another started at Bristol in 1812, and at London in 1816. They grew popular, but was not till 1861 that teachers in day schools were permitted to instruct in night schools also.

WHY

DO FLOWERS HAVE ODORS?

(Copyright, 1920, by The Wheeler Syndicate, Inc.)

The primary object of the flower on any plant is to produce seed in order that the plant itself may propagate, or give rise to other plants, through seeds. But, before these seeds can be fertilized by the pollen from other plants, brought to them in the majority of cases by various kinds of insects. The insects, in turn, must be attracted to the flowers. They must be informed of the presence of food, and it is for this reason that flowers are brightly colored and have odors which appeal to two of the senses of the pollen-bearers and thus serve a double purpose. As a rule, flowers which do not possess a sweet or attractive odor do not need the assistance of insects to bring the pollen to them. They depend mainly upon the wind and nature, which conserves everything which is not necessary to plant life, and therefore nature has not wasted appealing scents upon them.

NELSON LISTENS TO
HON. JOHN OLIVER

Premier Completes Speaking
Tour in the Kootenays;
Visits Camp Lister

Nelson, Nov. 8.—Before a large audience here Saturday night, Premier Oliver defended the record of his administration for the last four years and appealed for the support of the electors on the grounds of sound administration, advanced social legislation, and a progressive development policy for the future. W. J. Bowser charged against his administration, made at Creston last June, occupied a large share of the Premier's time. He expressed surprise that there should be dissatisfaction with his Government among the returned men.

Hon. J. H. King defended his Public Works administration and policy, and James O'Shea, Liberal candidate here, also spoke.

The Premier's party yesterday forenoon visited the Camp Lister soldier settlement, near Creston, which was the basis of the many exciting exchanges between the Premier and the returned men at Creston the previous evening. They left for the Coast last night.

PREMIER OLIVER'S
NAME TO GO BEFORE
CONVENTION TO-NIGHT

(Continued from page 1.)
held a meeting in Ganges on Saturday evening, when he received the support of the gathering. In the course of the day he will meet the residents of Pender Island and lay his platform before them for endorsement.

Meetings to complete ward organization in the Conservative interest have been arranged as follows: Ward 1 this evening, Wards 4 and 5, Tuesday evening; Wards 2 and 3, Wednesday evening, all taking place at the headquarters in the Arcade Building at 8 o'clock.

Candidate At Nanaimo.

Nanaimo, Nov. 8.—T. A. Barnard, of New Westminster, received 241 votes out of 319 in a Soldier-Labor convention here last night to contest Nanaimo in the Provincial elections. His nomination was made unanimous.

The strength of the soldiers in the convention was weak, as was shown by their three nominees receiving only a total of 30 votes. Mr. Barnard announced he was a member of the Federated Labor Party and would run on its platform.

Another Comox Candidate.

Lang Bay, B. C., Nov. 8.—J. T. Smith, a well-known storekeeper and contractor of this district, has been nominated a candidate for the provincial election for Comox riding in the interests of the settlers.

Mr. Bowser Opens Campaign.

W. J. Bowser, K. C., leader of the Conservative party in British Columbia, left last night to open his campaign tour at Cranbrook Tuesday night. On Wednesday he will speak at Nelson, Thursday at Trail, Friday at Greenwood and Saturday at Penticton.

Mr. Bowser will open his Vancouver campaign on November 15, when Conservatives there will give him a demonstration to show their appreciation of his seventeen continuous years of representation there. He will then make a tour of Vancouver Island, and come to Victoria for the Conservative rally at the Royal Victoria Theatre on November 27.

To Support Winning Party.

At Newswick, William P. Ryser, of Ladysmith, the candidate chosen by the fusion of the Conservatives and Liberals, is pledged to support whatever party is in power, and associate himself with that party.

J. H. Hawthorthwaite, who has been representing Newcastle in the Legislature, is definitely out in the field in Newcastle again, he has announced, although much of the radical support has been switched to Sam Guthrie. This is taken to mean by his friends in Victoria that he has dropped all plans to run as a moderate in this city. Following the nomination of C. T. Cross at the Conservative convention, negotiations were opened, it is said, to have Mr. Hawthorthwaite take his place on the proposed moderate ticket here with J. H. Gillespie.

Is In Field.

Cumberland, B. C., Nov. 8.—At a meeting of Liberals here to-day, W. B. McInnes, was unanimously named as an independent Liberal, and the secretary was instructed to notify all Liberal organizations in the riding to this effect.

Dewdney Nomination.

Port Coquitlam, B. C., Nov. 8.—Before a crowded Liberal convention, presided over by Maxwell Smith, the Liberals of Dewdney district Saturday afternoon unanimously nominated Major D. B. Martyn to be their candidate in the forthcoming election. The presence of Mr. Maxwell Smith at the convention, which unanimously endorsed the Oliver Government in a special resolution, is taken to mean that Mr. Smith will withdraw his candidature as an independent Liberal candidate, and swing in his support behind Major Martyn.

Chilliwack, Nov. 8.—A second Conservative convention has been called for this riding. Messrs. William Atkinson and J. C. Robertson, both of whom have been offered the nomination after the Abbotsford convention, have declined the opportunity to contest the field against Hon. E. L. Barron, Minister of Agriculture. Lt.-Col. Cooke may be the selection of the convention. The convention will be held to-day.

South Vancouver, Nov. 7.—Liberals of this constituency yesterday nominated Councillor Frank J. Russell of Burnaby, as their candidate for the Provincial election.

Prince Rupert, B. C., Nov. 7.—Bert Kergin has been nominated by the Liberals for Atlin. O. B. Bush will run as an Independent.

Prince Rupert, Nov. 7.—Hon. T. D. Pattullo, for Prince Rupert, and A. M. Manson, for Omineca, were unanimously nominated as Liberal candidates.

Grand Forks, B. C., Nov. 7.—E. C. Henniger, an old-timer, was selected by the Liberals Friday night as

QUEBEC COURT
ANNULS MARRIAGE

Montreal, Nov. 8.—A marriage was annulled by judgment of the Superior court on Saturday between Bertha Desjardines and Alphonse Dubois, on the ground that at the time it was contracted, September 28, 1909, Dubois had a wife living. Bertha Desjardines, the petitioner, stated that both parties to the marriage were Roman Catholics and were married in Boston, Mass., before a Justice of that city, and that the first ground urged by the petitioner for annulment of the marriage was "defect in form," the party before whom the marriage took place not being a competent authority in the eyes of the Roman Catholic Church.

The court had no need, however, to pronounce on the "defect in form" plea, the second being found sufficient.

HAMILTON TIMES
NEW MORNING PAPER

Hamilton, Nov. 8.—The Hamilton Morning Times made its bow this morning with its first issue, a twenty-four-page paper. The Times heretofore has been an evening paper but has now dropped the evening edition and appears only as a morning paper. This gives Hamilton two morning and two evening papers.

The Times is now the property of the Ontario Newspapers Corporation, of which John M. Imrie is president and general manager. W. Nelson Wilkinson is the managing editor. The new morning paper makes a highly creditable appearance.

50,000 GERMANS
AID LITHUANIANS
AGAINST POLES

Warsaw, Nov. 8.—(Associated Press).—Fighting has been resumed between Lithuanian troops and the Polish volunteer army commanded by General Zeigowski.

Polish newspapers estimate that more than 50,000 Germans, some in uniform, have passed through East Prussia to Lithuania during the last few weeks.

ARREST IN CHICAGO
FOLLOWS TWO-YEAR
SEARCH FOR MAN

Chicago, Nov. 8.—A two-year search for James H. Witcheil, of San Francisco, wanted for the alleged abduction of Miss Helen Danson, daughter of the head of the English colony at Saigon, China, ended to-day when Federal agents arrested him at a downtown hotel. He was held in \$5,000 bail for the violation of the Mann Act.

Witcheil is said to be the son of a millionaire hotel owner in China.

BY-ELECTION IN
TORONTO RIDING

Toronto, Nov. 8.—Electors of the riding of Northeast Toronto went to the polls to-day in the Ontario Legislature by-election caused by the resignation of Hon. Dr. Cody, who was Minister of Education in the former Conservative Government. An exceptionally interesting feature of the situation is that three of the four candidates are returned soldiers. None of them are, however, endorsed by the present Government.

ATTEMPT TO FORM
CABINET AT VIENNA

Vienna, Nov. 8.—Herr Schober, the president of police, has undertaken to form a Cabinet, designed to be a "business Ministry." It is believed in political quarters here that the various parties will agree to end the partisan strife so as to enable the new Cabinet to devote itself to an attempt to solve the economic and financial problems.

HOROSCOPE

MONDAY, NOVEMBER 8, 1920.
(Copyright, 1920, by the McClure Newspaper Syndicate.)

"The stars incline, but do not compel."

This is an unimportant day in planetary direction, according to astrology. The dominant planet is Venus in benefic aspect.

This appears to be especially good for women who should improve all their opportunities in business.

There may be a strong inclination toward misunderstanding and disagreements, not only in business but in domestic affairs, for Mars frowns on the world.

The planetary government is most favorable for the ambitions of women, many of which will be satisfied, for they are coming into a period of supreme achievement.

One of the signs of promise for women is their developing power to organize their own groups and to work together successfully in them. Through this standing together they are to gain tremendous strength—the meers declare.

Although the election may have passed there will be no cessation of political activity among women, but rather an increase that will mean much in the future.

Some sort of dissatisfaction among men in the army is forecast. This is also likely to affect officers and increased numbers of resignations are prognosticated.

A strike or some sort of labor troubles among workers in metal is indicated. This may take place in the early winter.

Changes in the English cabinet and exciting times in Parliament are forecast.

The stars seem to give little hope of far-reaching peace until many months have passed. Instead it would appear that more fighting will take place.

Persons whose birthdate it is should attend strictly to business during the coming months. Prosperity thus may be assured. The young will marry.

Children born on this day may be headstrong and difficult to manage. These subjects of Scorpio accomplish big things if their energies are properly directed.

CALGARY WORKER
CRUSHED TO DEATH

Calgary, Nov. 8.—David Dingley, forty-five years old, was crushed to death on Saturday when the walls of a ditch he was excavating fell in. Arthur Hallings, who was also in the ditch, had a miraculous escape from death, his only injury being a bruised foot. Both men were employed by the city water works department, and were engaged in digging a ditch preparatory to installing a sewer pipe.

MEMORIAL CHURCH NEAR VIMY RIDGE

Special Effort Will Be Made
Next Sunday For Funds to
Erect Edifice.

Next Sunday an appeal will be made throughout the Protestant churches of Canada for funds to build a memorial church in Lens, near Vimy Ridge.

The proposal was personally explained to Victorians by Professor and Mrs. Bieler during their visit here in the summer. Immediately after the Armistice a survey of the damages was taken by the Federal Council of French Churches. The bulk of the expenses for rebuilding was assumed by the French themselves. The remainder was divided between the friends from the United States, Great Britain, Holland and Switzerland, who had generously offered to help. When the fate of Lens came up for discussion the same idea struck every member of the Council: "The rebuilding of the church nearest to Vimy Ridge cannot be the share of any other country than Canada. The Protestants of that land must be asked to do it." A representative central committee was formed in Montreal, with branches throughout the provinces.

The Victoria committee is representative of all the Protestant denominations. The secretary of the Y.M.C.A. has consented to make that institution a depot for the distribution of literature; and Col. Lorne Ross, D.S.O., 210 Central Building will act as treasurer, receiving all monies contributed for this purpose. Both in France and Canada the movement is being most cordially endorsed. The following words from a distinguished Frenchman indicate the prevailing opinion of his countrymen: "Monsieur Edouard Gruner, Knight of the Legion of Honor, President of the Association of Civil Engineers of France, Chairman of the Federal Council of French Churches, writes:—

"It is with profound gratitude that we, French Protestants, accept the generous intentions expressed by your Canadian committee. Already two military monuments on the road between Arras and Lens commemorate the imperishable memory of Canadian valor. But the 'Canadian Vimy Ridge Church' will, better than any other edifice, honor the memory of the Canadian soldiers fallen to liberate the soil of France, because within its walls, adults, young people and children will hear the great message that will make them brave, happy, free and pure."

FORTY-ONE MOOSE GIVEN SECOND DEGREE

Forty-one members of the Maple Leaf Legion, No. 53, of the Loyal Order of Moose were on Saturday initiated into the second degree, at a ceremony that was international in aspect, with attendance of members from Seattle, Tacoma, Bellingham, Nanaimo, Vancouver and Victoria. The local members of the order turned out in force to welcome the incoming gathering, their band parading the streets in the afternoon and evening, and playing an open air concert outside the Dominion Hotel in the latter part of the day. The visitors were accompanied by the Moose band from Vancouver, which aided the local musicians in the parade.

At a banquet held in the K. of P. Hall on Saturday evening, Legionaire W. E. Cantelon, of Vancouver, delivered a stirring address on "Moosehood," while Great Northwest Moose J. C. Davis took charge of the evening function. After the conclusion of the banquet the initiation ceremony took place, when 41 delegates were put through their second degree. The Port Angeles delegates caused much commendation from the local forces by braving the terrors of the straits in a tug boat to arrive here in time.

IS FINEST IN WORLD DECLARES KERRIGAN

Wouldn't Give One Bottle of
Tanlac For All Other Medi-
cine on Earth, He Says

"It was a lucky day for me when I started on Tanlac for it made a well man of me after I had been ailing for a year," said M. Kerrigan, 227 Kitchen Street, Vancouver. "Mr. Kerrigan is a night watchman for Coughlan's & Sons shipyard."

"My stomach got in bad shape, and there were only a few things I could eat that didn't make me miserable in a short time. Even a whiff of food cooked would often give me nausea, and I actually was sorry when meal time came around my appetite was so poor."

"My indigestion brought on some pretty bad troubles including palpitation of the heart, and often I had a swimming of the head, and would get so dizzy I couldn't stand up. My back was so stiff from rheumatism I couldn't stoop over to pick up things from the floor. I was badly constipated, too, and so nervous that when I would get home in the morning I couldn't get much rest, and would have to go back to work all tired out."

"I tried lots of medicines, but got no real help, and then I heard what Tanlac was doing gave it a trial. I call it a wonderful medicine because it does what no other medicine I've tried could come near doing. I didn't hope for anything more than some relief, but it did me of every trouble I had, and made a well man of me. I never felt better in my life, and I wouldn't give one bottle of Tanlac for all the other medicines in the world."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Seven ships, of a total of 58,350 tons, were launched from the Tees during September.

The McLagan and Empire Phonographs

The McLagan and Empire Phonographs are made in Canada and are fast coming into prominence as leaders among the many makes of the world.

The McLagan-Fletcher reproducer or sound box, with which all the Empire instruments are equipped, is the product of master minds—none of the softer tones are lost by this wonderful reproducer, while all harsh, metallic sounds are entirely eliminated. There are no screws on the McLagan reproducer to work loose and cause a blast or jarring sound, and no adjustments are necessary.

The Empire is truly a wonderful instrument at a price that is moderate. It is made in Canada. It deserves your support—you can buy it at less than the foreign-made machine, and it is just as well, if not better in all ways.

Call and see this Canadian-made phonograph.

Two popular young people were married at St. Mary's Church, Saanichton on Saturday afternoon, when Helen Elizabeth, third daughter of Mr. and Mrs. E. Buss, of Saanichton, became the bride of John Mudge Milligan, eldest son of Mr. and Mrs. P. S. Milligan, of Leighton Road, Victoria. The ceremony was performed by the Rev. G. H. Andrews, assisted by the Rev. J. F. A. Bastin, of St. Mary's Church. The bride, who was given in marriage by her father, made a charming picture in her wedding gown and veil. She was attended by one bridesmaid, her youngest sister, Miss Frances Buss. The bridegroom was supported by his brother, Charles Milligan, while Messrs. K. R. Denison and A. W. Idiens officiated as ushers. After the ceremony a reception was held at the home of the bride's parents. Later the young couple left for a honeymoon on the mainland and will later make their home at the Bank of Commerce. Mr. Milligan saw considerable service overseas with the 1st Battalion and was for many months a prisoner of war in Germany.

Mrs. D. M. Eberts, who is visiting in Vancouver, was with her daughter, Mrs. G. S. Rothwell, among the guests at a bridge tea given by Mrs. R. Cheshire-Jonson, on Friday afternoon.

APPRECIABLE GIFT.
The members of the ladies' committee of the Victoria Branch of the Red Cross wish to express hearty thanks and appreciation to Comrade Thompson, a patient at Craigdarroch Hospital, for his generous gift of two cribbage boards to the Association. These boards are beautifully inlaid and are mounted with a brass design bearing the arms of the Association.

It was decided to change the day on which the weekly social function is held from Monday to Tuesday, that day being more convenient. The success of these parties is highly gratifying to the ladies committee, who beg to announce that the next gathering will take the form of a military five hundred on Tuesday next at 8 p. m.

In view of the success of the social and dance held on Monday last (All Hallows' Eve) it is proposed to hold at least one dance each month. Further particulars will be announced later.

TO HOLD BAZAAR AND CABARET

Mrs. Prior to Open "J" Unit Chapter's Affair at Criterion Wednesday

To raise necessary funds for the continuance of their work among the returned soldier patients still receiving treatment in the local convalescent institutions, the members of the "J" Unit Chapter, I. O. D. E., have arranged a bazaar and cabaret to be held at the Criterion, Belmont Block, on Wednesday, November 10. Mrs. E. G. Prior, wife of the Lieutenant-Governor, has kindly consented to open the bazaar at 2 o'clock.

For weeks past the members of the Chapter have been engaged in the fashioning of dainty wares which should go far towards solving the question of what to give for Christmas gifts. These articles will be found at the various stalls which, with their conveners, will be as follows: Fancy work, Miss Sadie Craig, Miss Dorothy Gardiner; candy, Miss Betty Harkness; baby stall, Miss Vivian Charlton; aprons, Miss Parvill; home cooking, Mrs. Hopkins and Mrs. Hult; handkerchiefs, Miss McLennan; flower, Mrs. Dawson; toys, Mrs. Slater; pound stall, Mrs. MacDonald; white elephant, Mrs. Macfarlane; touch and take, Miss Chow; books, Miss Duncan; mystery booth, Mrs. Brown. Afternoon tea will be served.

In the evening a cabaret will be held when Mrs. R. H. Pooley and R. H. Webb will be the leading artists.

DID HE SEE THE POINT?

A top, whose conversation was devoted entirely to himself, and his clothes, had been boring a number of people with his talk for a long time, and at last he remarked that he always slept in his gloves, as that kept his hands soft.

"Indeed," said a lady. "And I suppose you sleep in your hat, too?"

GRACEFUL GIFT TO RED CROSS WORKER

James Bay Committee's Tribute to Mrs. A. Wilkinson, Who Is Leaving City

A charming little tribute to one of Victoria's most indefatigable Red Cross workers was paid this afternoon at the home of Mrs. Howard Chapman, Menzies Street, when the members of the James Bay Red Cross Committee gathered to bid farewell to Mrs. A. Wilkinson, the convener, who is shortly leaving the city to be married.

About thirty guests attended the delightful affair. Tea was served at a table prettily arranged with copper and yellow chrysanthemums. Mrs. John Hall and Mrs. Gordon Smith presiding at the tea and coffee urns. During the afternoon Mrs. Thomas Wilkinson, on behalf of the committee, presented the guest of honor with a handsome mahogany tray, silver tea-pot and four dainty china cups and saucers of varied design, pink sweet-heart rose-bud, imparting a fragrant touch to the gift. The gift was accompanied by an address in which appreciation was expressed of Mrs. Wilkinson's splendid work as convener of the James Bay branch of the Red Cross, an office which she held for four years, the branch under her capable regime making a record contribution to the great cause, coupled with the expression of appreciation were the good wishes of a large community of friends for her future happiness and success.

PROTESTANT ORPHANS HAD TWO RED LETTER DAYS LAST MONTH

The Halloween and Thanksgiving festivals were red-letter days during the past month at the Protestant Orphans' Home, both of these occasions being fittingly celebrated by the little inmates, according to the report tendered at the recent meeting of the Home Committee. A gift of \$19.50 from the pupils of St. George's School provided candy and fruit and other "extras" for Thanksgiving. While a gift of fancy costumes and masks from a generous friend made the Halloween concert one to be long remembered by the kiddies. The silver tea set at St. John's Schoolroom netted \$113.75 for the treasury.

A noteworthy incident was the visit of a former inmate, a boy, who came over from Seattle recently, and who called at the Home and expressed his appreciation of the generous treatment accorded him while an inmate of the institution.

Among the donations of the past month were: Women's Canadian Club, \$25; St. George's School, cash \$19.50, groceries, books, toys, clothing; Mrs. Sayward, fruit, vegetables; Mrs. Scott, seven hens; St. John's Church, fruit, vegetables; Mrs. and Mr. Stewart, clothing; Mrs. Lang, rug; Mrs. W. Spencer, 2 rugs; Ward Six, South Saanich District, 1 box apples, 1 sack vegetables, potatoes; Mr. Fernie, 1 sack apples, 1 sack pears; Mrs. W. Munzie, 2 sacks rolled oats; Miss Cromarty, sugar; Mr. Borden, pears; Mrs. Jas. Helmcken, dishes, clothing; St. John's Church, vegetables; fruit; St. Paul's Church, fruit, vegetables; Congregational Church, bread, fruit, vegetables; St. Mathias Church, fruit, vegetables; St. Luke's Church, 2 boxes apples, fruit, vegetables; Supahine Club, Chapter 17 (Miss Muir), cheque \$25; Mr. Stewart, pumpkin; Hibben & Bone, Christmas cards; Lambie (Golden West Bakery), cakes, doughnuts; Mrs. E. Higgins, 6 dozen buns; Gertrude McDonald, candy, papers; Miss Jones, 1 sack pears; G.W. V.A.; 2 sacks pears; Mr. Orbach, pears; Oakland's Mission (St. Margaret's), vegetables, fruit; W. A. Cameron, 2 loads kindling; Mrs. J. H. Gillespie, vegetables; Times and Colonist.

WHAT'S IN A NAME?

Facts About Your Name: Its History; Its Meaning; Whence It Was Derived; Its Significance; Your Lucky Day and Lucky Jewel. By Mildred Marshall.

(Copyright, 1920, by The Wheeler Syndicate, Inc.)

PAULINE.
Pauline is a musically pleasing feminine name which is really of Italian origin and has a quaint origin, in that it is said to be derived from Paulus or Paulina, the name given to one of the Amilian gens of Rome, who was small in stature. In Europe, this "straightway" became Paul, a name made immortal by the splendid saint of that name.

Paula was honored as the feminine of his name and also as the name of the friend and correspondent of Saint Jerome, the mother of Eustochium. Paula is consequently found in Italy and named the heroine of one of the most exquisite romances of history, that of Paolo and Francesca. Paula is the diminutive of Paola, and Pauline, and Paulina are favorite names everywhere. Spain has always retained Paula and curiously enough the Teutonic version is identical with the soft vowel formation of the Spanish. Pauline became more popular than any other form in France for the sake of that favorite grandchild whose Christian name is also the only one mentioned in Madame de Sevigne's letters. In fact, it is the only form commonly recognized in France, though the sister of Napoleon was called Paulette by her own family. Italy has evolved another form from Paola, which it calls Paulina, and the name has changed the "o" to a "u" and call it Paulina. Pauline's jewel is the pearl, which promises charm and goodness and popularity to its wearer. The gem brings good luck and insures friends. Sunday is her lucky day and 4 her lucky number. Her flower is the lily, signifying purity.

TO RESUME ANNUAL HOSPITAL BALL

After Lapse of Years, Brilliant Function to Be Held on November 26

After a lapse of many years during which local philanthropic causes had to give way to the more pressing needs of the war, the annual charity ball in aid of the Provincial Royal Jubilee Hospital is to be resumed. This function, which in former years was looked upon as the chief social event of the winter season, will be held at the Empress Hotel on the evening of Friday, November 26. Excellent music and an excellent supper will be provided and the committee in charge feel confident that not only will the ball be an agreeable social event, but will also offer an opportunity for society to meet on a common basis, in a common cause, and under the happiest of auspices. The committee feel that the ball will mark the resumption of the conditions extant before the war, when society met for the exchange of social intercourse, instead of failing into the numerous cliques which are the natural consequence of war work and the comparative quietness in social activity. No better medium for the resumption of these happy relationships can be found than at an entertainment in aid of a cause which commands the sympathy of every branch of the community.

Tickets for the affair may be obtained from the members of the Women's Auxiliary to the Royal Inland Hospital or from the leading stores.

APPEALS TO I.O.D.E. TO DRESS MODESTLY AND DECENTLY

MRS. COLIN H. CAMPBELL

Winnipeg, Nov. 8.—Mrs. Colin H. Campbell, provincial president for Manitoba of the I. O. D. E., has issued a call to the members of the order to dress modestly and simply. "Fashions are becoming more extreme and more indecent with each succeeding season," is her opinion as voiced at the Autumn meeting of the provincial chapter. Mrs. Campbell also strongly urged the encouragement of Canadian publications "to replace the insidious poison which is coming into Canada through the American magazines and papers."

Mrs. G. O. Hughes's address on housing for women, especially with regard to immigrants from the British Isles, resulted in the passing of a resolution to consider the founding of a chain of hostels across Canada for women.

TO-DAY'S JEWELS

The topaz is to-day's talismanic stone. To exert its full power it must be set in gold. It is believed to bring its wearer power and wealth, at the same time protecting him from the envy of others. If worn on the left arm, no evil has power to harm him. For those who were born on some anniversary of this day, the diamond is the natal stone. It is a talisman against sorrow, and is believed to preserve the innocence of its wearer, if it be worn. Ancient legends recommend the diamond:

"—lest bitter tear
For vain repentance flow.
This stone emblem of innocence is known."

All shades of red are lucky to-day. They are said to bring strength and courage, and will be found to be an especially potent color by those who are launching any new or difficult undertaking.

The red carnation is to-day's significant flower.

Rummage Sale.—The Gonzales Chapter, I. O. D. E., will hold a rummage sale to-morrow at 1.30 at the old Windsor Grocery, Government Street.

King's Daughters' Tea.—The Victoria Circle of the King's Daughters will hold a tea in the rest rooms, Hibben-Bone Building, on Thursday, November 11, from 3 till 5 o'clock. Friends of the Order are requested to bring a book, as it is hoped to form a library at the rooms. There will be a book competition in connection with the tea, also a table of inexpensive articles.

Knox Church Sale of Work.—The Ladies' Aid of Knox Church will hold a sale of work and home cooking to-morrow afternoon and evening. Tea will be served during the afternoon, and in the evening there will be a good musical programme. Those assisting in the programme will be Mrs. Daniel Day, Mrs. Jameson, Miss Barbara Campbell, Messrs. D. B. Christopher, and Lawton Partington.

CORN IN UNITED STATES.

Washington, Nov. 8.—The corn crop of the United States this year amounts to 2,199,128,000 bushels, the Department of Agriculture announced today in its preliminary estimate of production. The quality is 7.7 per cent above average.

RECONSTRUCTION WORK IN FRANCE

Paris, Nov. 8.—France has shown the same ardor in her reconstruction as she did in the war, and has successfully crossed the passage from war to peace, which is always difficult for victor, says Premier Leygues in an interview printed by The Petit Parisien.

ONE KILLED IN ACCIDENT IN FRANCE

Clermont Ferrand, France, Nov. 8.—One person was killed and nearly forty injured when a staircase at the City Hall here collapsed to-day during a ceremony. About 100 persons were thrown to the ground when the structure gave way.

SLIGHT EARTHQUAKE.

Sioux Falls, S.D., Nov. 8.—A slight earthquake shock occurred at Madison, forty miles north of here, about four o'clock this morning, says a report from there. People were awakened but no property damage has been reported.

WINNIPEG HAS SNOW.

Winnipeg, Nov. 8.—For the first time this season Winnipeg had a "good old" snowstorm to-day. Last year the first snow was on October 12.

DEBS PRAISES SOVIET RUSSIA

Chicago, Nov. 8.—Establishment of "workers republic" in Soviet Russia is the "bright star in the political heavens, and shall light the way of the world," Eugene V. Debs declared in a message sent from the Atlanta Penitentiary to the Cook County organization of the Socialist Party. The message was read at a celebration yesterday of the third anniversary of the Russian Soviet revolution.

AERIAL SERVICE TO FORT NORMAN

Suggested Connection Between Edmonton and Mackenzie River Oilfield

Edmonton, Nov. 8.—The establishment of an aerial route from Edmonton to the oilfields of Fort Norman, on the Mackenzie River, is the latest talked of development in connection with the pressing transportation problem existing as a result of the Fort Norman point being so far removed from the business centres of Alberta. Edmonton aviators are entering into negotiations for such a service with a view indicating that as little time as possible will be wasted in the preliminary arrangements.

The proposal is a big one in that it calls for the establishment of landing stages at intervals along the line of route, and the transportation, in the first instance, before flying, of gasoline and other essentials for the successful operation of flying machines. The distance to Fort Norman from here is about 900 miles, as the crow flies. The span is not a great one as applied to flying distances, and the route would be most sufficient to accomplish the distance when once a relay service of planes is established.

The whole idea is looked upon with favor, and while its introduction may not become an accomplished fact until the Spring of 1921, anticipations can be held that such a service will become a reality with the Spring of next year.

Wireless.

As it has become an absolute necessity to provide a swift means of communication between the outposts of the Far North and their supply bases in Edmonton, an effort to have wireless stations established in at least nine important points is being made by H. A. Mackie, M. P. The stations would be established at McMurray, Peace River, Cheyenne, Fort Vermilion, Hay River, Fort Smith, Simpson, Resolution and Norman.

Captain C. Smith, skipper of the Lady Macworth, one of the Lamson-Hubbard steamers which for the past season has plied the waters of the Mackenzie, declares that a rush to the oilfields of Fort Norman and the north almost equaling that of the old days to the Klondike is looked for. "But people cannot go too well prepared. They cannot weigh the hardships of the trip too much, or otherwise we shall have a trail of graves like that which came into being during the clamorous time of 1898," Capt. Smith said. He looks for an exception to the rule, to the country during the Spring and when river navigation is again resumed.

A warning to those anticipating a trip during the Winter months was issued by Capt. Smith, who stated that food is scarce in the north country. He declared that unless they are thoroughly equipped with supplies and provisions they cannot for a moment hope to make the trip from the end of the steel. It is a long distance, more than a thousand miles, and calls for the greatest of preparation. Dog teams are also difficult to obtain.

HON. H. GUTHRIE BACK IN OTTAWA

Ottawa, Nov. 8.—(Canadian Press).—Hon. Hugh Guthrie, Minister of Militia, who represented Canada at the financial conference held under the auspices of the League of Nations at Brussels recently, returned to his office this morning. Mr. Guthrie stated to the Canadian Press that his trip had been most successful. The conference was largely of an advisory nature and a report of its proceedings and the conclusions reached would be submitted to the League of Nations. The Minister stated that the financial statement submitted on behalf of Canada showed that the financial situation in Canada was one of the best of the nations represented.

Mr. Guthrie, who personally visited the battlefields in Belgium and France, spoke of the work which is being done by the Imperial War Graves Commission in exhuming the bodies of soldiers for burial in the cemeteries, which have been prepared for them. Bodies, he said, were being exhumed at the rate of about 500 a day, to be reburied in plots which will be perpetuated by the War Graves Commission.

He declared the situation is "getting worse every day."

UNEMPLOYMENT IN WASHINGTON STATE

Spokane, Nov. 8.—Unemployment in Washington has reached the point where there are 1,500 to 2,000 men idle in this city and estimates place the number of jobless in Seattle at 8,000, with 200 idle in Yakima, Everett and other cities of that size. W. C. Carpenter, Federal Employment Service superintendent for the state, declared here to-day.

He declared the situation is "getting worse every day."

A DEAL IN LITERATURE

To Kipling an American once wrote: "Hearing that you are retelling literature at \$1 a word, I enclose \$1 for a sample."

"Thanks," he replied, "with two weeks later the American wrote: 'Sold the "Thanks" anecdote for \$2. Enclosed please find 46 cents in stamps, being half the profits on the transaction, less the postage.'"—Boston Transcript.

Messrs. John Laing and Son, building contractors, of Carlisle and London, have written a letter to The Builder, in which it is stated that "on a building contract we have in hand one bricklayer has laid 28,000 bricks in 18 working days—an average of 1,555 bricks per day. Further, the quality of the work is excellent." It has frequently been stated that 350 bricks a day is a reasonable output.

COMMISSION HEARS VIEWS ON TARIFF

Two Dominion Ministers Considering Tariff Sitting at Halifax

Halifax, Nov. 8.—(Canadian Press).—Sir Henry Drayton, Minister of Finance, and Senator Robertson, Minister of Labor, comprising the Federal Tariff Commission, spent a busy morning at the Provincial Building here getting the views of Nova Scotians on the question of protection. Groups of representatives of the manufacturing and fishing interests, the farmers and the retail and wholesale merchants presented stated cases to the Commissioners.

W. E. Piercy read the manufacturers' brief, which opened with the direct assertion that the manufacturers of Halifax and other parts of Nova Scotia as a class believe it to be in their interests, in the interests of the working men, the consumers and the nation at a whole that a policy of protection, such as has been enforced since 1873 should continue to be the policy followed by the Government.

A. Brittain, of Montreal, vice-president and general manager of the Maritime Fish Corporation, urged the case of the fishing interests. "The best interests of the Canadian consumers as well as those of the fishermen will be served by the continuance of the present duty on fresh fish. It will enable us to develop plans for marketing, so as to make fresh fish available at reasonable prices to practically all communities in Canada," said Mr. Brittain.

The retail merchants lodged a protest against the luxury tax, suggesting in its place the enforcement of a "turn-over" tax.

Wholesalers also urged the adoption of a "turn-over" tax in place of the "business profits" tax at present in force. "If farmers were represented at the sitting by Adam Burris, M.P.P. of Upper Musquodoboit, and J. B. Archibald, of Middle Musquodoboit, unsuccessful candidates at the recent provincial election, and John Eaton, one of the most prominent farmers of King's County.

"NICKY" ARNSTEIN TO BE RELEASED

Washington, Nov. 8.—Reversing the Federal district court, the Supreme Court to-day ordered the release of Jules W. Prevalent fat that comes and stays where it is not needed is a burden, a hindrance to activity, and a curb upon pleasure. Many have tried to reduce weight, but have been advanced, and the dieting, hard work, excessive exercise, etc., all of which either unbalanced the system, or have taken off the fat, only to find it coming back again. The latest, more modern and pleasant way to take off burdensome fat, is to take, after each meal and at bedtime, a Marmola Tablet. These little tablets are as effective and harmless as the famous Marmola Prescription from which they take their name. To get rid of fat at the rate of two, three or four pounds a week, simply take one of these little tablets after each meal and at bedtime until you have reached your weight to where you want it. No wrinkles or fatiness will remain to show where the fat came from. They are for sale by all druggists at \$1 for a good size box. If you prefer to have them sent to you by mail, please send in plain sealed cover, and amount to the Marmola Co., 77 Garfield Building, Detroit, Mich. and good-bye to dieting, exercise and fat. Be yourself, slim, trim and attractive.

Store Opens at 9 a.m. and Closes at 6 p.m. Wednesday at 1 p.m.

SAY STABILIZATION OF THE DOLLAR IS IMPOSSIBLE

Bankers Assert Professor's Plan Would Endanger Financial System

New York, Nov. 6.—In rejecting Dr. Irving Fisher's proposal for stabilization of the dollar the currency commission of the American Bankers Association explained its objections to its recent report to Richard S. Hawes, president.

The commission devoted much time to a study of the plan as well as to arguments on both sides, it says in its report. Continuing, the report says of the decision reached:

"It is our conclusion that Professor Fisher's plan, though interesting and ably worked out, is wholly impracticable, and would involve great dangers to the stability of our financial and monetary system. It would lead to foreign drains on our gold in any period of crisis, since the plan calls for lightening the gold behind the dollar, forcing it to be sold by foreigners, forcing it to be sold by the government, and forcing it to be sold by the government."

"The plan would also make difficult, if not impossible, the maintenance of gold redemption in periods of rapidly rising prices. If adopted at the present time it would perpetuate all the suffering which recipients of fixed incomes have experienced as a result of the rapidly rising prices of the war. It would be wholly out of the question for the United States alone to adopt it, as Professor Fisher proposes, and almost no other great country is in a position to meet gold obligations on demand."

"Had the plan been in operation at the outbreak of the great war in 1914 it would have broken down, as Professor Fisher now admits. It could not, therefore, have prevented the wartime rise in prices, and consequently most of the claims which Professor Fisher has made for it must be abandoned."

"The great economic evils of the war have grown out of wasteful consumption and destruction, demoralization and interruption of transportation, and the withdrawal of many millions of men from production, the whole combining to create great scarcity of goods. No change in the monetary system could have prevented this evil. The plan could not, therefore, have been a remedy for social distress and discontent."

"Professor Fisher's plan involves the modification of contracts calling for payment in gold coin of the United States of the present weight and fineness, by substituting the 'stabilized dollar' for the dollar of fixed weight and fineness. Your commission is not in sympathy with this feature of the plan."

"Our judgment is, therefore, definitely adverse to Professor Fisher's plan."

"Our judgment is further definitely adverse to the proposal that the American Bankers Association should memorialize Congress to appoint a commission to investigate this matter and determine whether a law embodying the plan should be adopted by Congress. We believe it is unwise to agitate changes in the gold standard at the present time. Proposals looking toward the creation of new currency systems divorced from the gold standard are being made in many places. Many of them are of an extremely wild and dangerous character."

"Professor Fisher's plan, to be sure, retains the element of redemption of

SALADA BUILDING, TORONTO

THE THREE LARGEST TEA WAREHOUSES IN THE WORLD

These three huge warehouses, owned and operated exclusively by the Salada Tea Company, are the largest in the world devoted to the blending and packing of tea. In less than 30 years "Salada" has become a household word throughout Canada and the United States and is, indeed, by far the largest selling tea in America. Large quantities are also exported to South America and to Europe. Besides these buildings in Toronto, Montreal and Boston, other Salada offices are situated in Winnipeg, New York, Chicago, Detroit, Buffalo, Pittsburgh, Philadelphia, Los Angeles, San Francisco and London, Eng. The Company trades only in tea and only in tea of Salada quality, thus assuring undivided attention to the product. Every packet of Salada wherever bought may be relied upon to be of exactly the same fine quality and to yield an unequalled cup of tea. This policy of keeping faith with the public has been responsible for Salada's extraordinary sale.

gold, even though in a varying amount of gold. But there are many proposals which involve the abandonment of gold altogether and the creation of fiat money pure and simple. It is in our view that the banking profession should set itself firmly against agitation of any schemes of this sort.

Disputes Expected.

"The next ten years will see a prolonged contest between the defenders of sound money and the advocates of unsound plans, especially in Europe, and it is our view that the banking profession of the United States should concern itself with the maintenance in the United States and restoration in Europe of the old-fashioned gold standard, rather than with any effort to introduce refinements and novelties."

James B. Forgan, chairman of the board of directors of the First National Bank of Chicago and vice-chairman of the commission, in signing the report adds:

"While it is possible that Dr. Fisher's plan might work out if established under normal conditions and if a guarantee could be had that normal conditions would permanently prevail, I am satisfied that it would break down whenever conditions came under any abnormal stress, and would be a hindrance rather than a help when facing such sudden abnormality of conditions as were produced by the war and which still continue."

"Under our present system of government gold certificates of fluctuating redeemable value would, as do the present gold certificates of definite value, practically all find lodgment in the Federal Reserve banks as the basic reserves for the credit structure which has been built up in

the shape of Federal Reserve deposits and the deposits of the member banks. The actual circulation of these gold certificates themselves would be practically nil—I cannot, therefore, believe that a fluctuation restricted to 1 per cent a month, in the value of gold forming the reserve basis for such structure of credit as now exists, would have much, if any, effect on the prices of goods and merchandise for which these various forms of circulating credits are exchangeable."

"When credits are expanded to the extent they now are and as long as merchandise can be bought and paid for, not by the gold certificates themselves but by the credit instruments for which the gold certificates are merely deposited as a small basic reserve, no slight change in the value of the metal represented by these certificates will, in my opinion, have the desired effect of lowering or raising the prices of merchandise."

CITY ELECTIONS HELD IN ITALY

Rome, Nov. 5.—Municipal elections were held in all the important centres of Italy with the exception of Rome yesterday, the Rome elections having been decided the previous Sunday.

In Milan 120 districts gave the Socialists a small majority, but in 200 other districts the returns have not been counted. In Florence the Socialists were defeated. In Turin, Palermo and Naples the Constitutionalists apparently were victorious, while in Genoa and Pisa their success is considered certain. In Leghorn the Socialists were successful. No disorders attended the elections.

HAS WAY TO SET REASONABLE RENTS

Realty Expert Works Out Basis Fair to Tenant and Landlord

New York, Nov. 6.—Stewart Browne, realty expert, has worked out a basis for arriving at a reasonable rent between landlords and tenants. He suggests that the Board of Justices adopt the following rules to apply in all cases:

"1. A reasonable rent shall be equal to 15 per cent net income on the pre-war value of property. The 15 per cent net income shall be gross rents, less taxes, water rates, cost of operation and maintenance and 2 per cent for depreciation."

"2. A war value shall be the highest amount of the following: (1) 1920 assessed valuation; (2) purchase price of property, plus cost of improvements, less depreciation of 1 per cent per annum from date of purchase; and (3) original construction cost of building, plus cost of improvements, less depreciation of 1 per cent per annum from date of construction, plus 1920 assessed value of land."

"3. No tenant shall be entitled to question the reasonableness of any rent where the tenant shall have paid the same rent for one month, where the same rent has been previously adjudicated by a municipal court or by the Mayor's committee; or where the tenant has signed a lease to pay the rent, unless the tenant produces written evidence or preponderating oral testimony that he signed the lease under duress and under threat of eviction if not so signed."

BIG REPUBLICAN CALIFORNIA VICTORY AND WORLD LEAGUE

San Francisco, Nov. 5.—Special dispatch to The Times.—(By Mail.)—The record-breaking Republican triumph in the Presidential election is assuming more impressive proportions in the light of nearly complete returns from all parts of California. Present indications are that Harding and Coolidge have carried the state by more than 300,000. Samuel M. Shortridge, of San Francisco, Republican candidate for the United States Senate, has also defeated the Democratic incumbent, Senator James Phelan, by a large vote.

Republicans will also replace Democratic Congressmen from three California districts as a result of the election.

Republican leaders confidently believe that Harding will exceed the plurality of Governor Hiram W. Johnson when he defeated George S. Patton four years ago for the United States Senate.

Some of the San Francisco papers in their editorial comment on the election state that it "conclusively shows that the American people emphatically refuse to enter the League of Nations as formulated at Paris." At the same time it is maintained that the results show a desire to unite with the people of other nations in preserving the peace of the world, by means of an association of nations.

D'ANNUNZIO'S ACT CAUSES PROTEST

Rio Janeiro, Nov. 5.—Eight import firms of this city have protested to the Foreign Minister against the recent seizure at Flume by Captain Gabriele d'Annunzio of the steamship Cogna, which carried a cargo consigned to Brazil.

GREEK EX-KING MAY GO TO COURT

If He Does So Against Mme. Manos He Admits Deposition

Athens, Nov. 7.—The question of the legal rights of Madame Manos, morganatic wife of late King Alexander of Greece, seems likely to create some difficulty, according to leading jurists here.

Her attorney has asked the court to remove the seals from the apartments of the dead King, asserting Madame Manos, through her marriage and also because of her approaching motherhood, would legally inherit Alexander's property.

An attorney for ex-King Constantine asked the court to suspend action until he had time to institute action in opposition. He declared Constantine intended to contend that the marriage of Madame Manos and the late monarch was invalid.

Should Constantine take legal action, the jurists point out, it would constitute an admission that he is no longer King of Greece, as the monarch cannot appeal to the courts.

There is some speculation as to the status in the dynasty of the child to be born to Madame Manos if her marriage should be declared valid.

CONSTABLE FIRED AT A THIEF AND KILLED A WOMAN

New York, Nov. 5.—The funeral today of young and pretty Mrs. Dolara Difulco was one of the handsomest the East Side has seen in a long time. And next to Frank Difulco, her war hero husband, perhaps the most disconsolate of the mourners, was Patrolman Jim Kenny, by whose hand she had been accidentally killed.

Mrs. Dolara Difulco, herself a Red Cross worker during the war, left her baby Saturday to go on a short errand. As she crossed the street a bullet fired by Kenny at a thief who had stolen a carton of cigarettes, struck her down.

Aghast, the policeman had the dy-

Nanaimo: George F. Pyke, of the Department of Neglected Children and Mothers' Pensions, was in Nanaimo to-day on business connected with the department.

Armistice Day Parade.

Cumberland: A parade of all returned men will be held on November 11, Armistice Day, for the purpose of attending the ceremony of placing the captured German guns, donated by the War Trophies Commission to the City of Cumberland, in their permanent location. The City Council awarded the two machine guns to the G. W. V. A., to be placed in front of the recently-erected Memorial Hall, and the field gun will be permanently located at the Post Office. The Council has specially requested the returned men resident in the district to turn out in full strength on this occasion. All returned men whether members of the G. W. V. A. or not, are requested to meet in the G. W. V. A. Hall not later than 8 p. m. on Thursday next. It is expected that the Cumberland City Band will head the parade. The children of the city schools will also attend.

The Lords Commissioners of the Treasury have instituted in the Treasury a post of Director of Women's Establishments and have appointed to it, with the concurrence of the President of the Board of Education, the Hon. Maude Agnes Lawrence, Chief Woman Inspector of the Board of Education.

BRIEF LOCALS

Roof Fire Extinguished.—A roof fire at 2534 Douglas Street gave the department a run at 3:10 p. m. on Saturday last, little damage being occasioned.

Legion of Frontiersmen.—The usual monthly meeting of the Victoria City Squadron, Legion of Frontiersmen will be held in the Army and Navy Veterans rooms on to-morrow at 8 p. m.

Criticism Cabaret.—Unique attractions are promised for the carnival to be held on Thursday night at the Criticism Cabaret, which are certain to draw a large number of visitors, the previous occasions having been well patronized.

Armistice Concert.—A grand celebration smoker will take place in the G. W. V. A. Hall on Armistice night. A special menu has been set aside for one of the best smokers in the history of the association. Trench songs will be a feature of the evening.

Medical Freedom.—At the Orange Hall, opposite the Alexandra Club building, Courtney Street, on Tuesday evening, Dr. J. C. Lawson, representative of the Druggists' Healers' Association of B. C., will deliver a free lecture on "Medical Freedom."

St. Luke's Rummage Sale.—About 113 was cleared for St. Luke's Church funds, as a result of the rummage sale held on Saturday afternoon at St. John's Hall. The Misses Bradshaw organized the affair resulting valuable assistance from the Ladies' Auxiliary of the church.

G.A.U.V. Dances.—To raise funds for the purchase of furniture for the new club rooms, the G.A.U.V. will hold a special dance at the Colodonia Hall on Wednesday night, November 10, the Ladies' Auxiliary will convene the supper and Hunt's orchestra will furnish the music for the dancing, which is to commence at 9 o'clock and continue till 1.

Commemoration Day.—The Dean of Columbia is desirous of holding a commemorative service at the Cathedral on Sunday evening next in memory of the signing of the Armistice. All members of the Army and Navy Veterans Association are cordially invited to meet at the Army and Navy Veterans Club at 4:30 p. m. and medals are to be worn.

British Israel Association.—Rev. L. Gould of Vancouver, will be a visitor to this city next week and will deliver a series of addresses here under the auspices of the newly formed British Israel World Federation, of whom H. R. Prince, Alice, and her husband the Earl of Athlone, are the chief patrons.

Third Lecture in Series.—Lieut. J. B. Clearhouse's third lecture will take place on Wednesday, November 10, at 8 p. m., in the G.W.V.A. auditorium, Fort Street. The subject will be "Co-operation of Labor and Capital," or "A Practical Method of uniting the forces of industry, and solving the industrial problem." The general public is cordially invited as these lectures are absolutely free to all.

Shot European Partridges.—The Remie was fined \$35 in the Spanish Police Court to-day for contravention of the Game Act. One charge of carrying firearms in a restricted area netted him a fine of \$10, while a second charge of being unlawfully in possession of a European partridge netted him yet another \$25 in impositions. W. B. Monteith acted for Sanchez.

To Become Canadian.—Marie Raffaella Claderone, 1526 Amelia Street, applied to Judge Langman's court to-day for naturalization as a Canadian citizen. She was born at Catanzaro, Italy, in 1881. Twelve years ago she came to Victoria after spending some time in New York. Oswald Baston acted for her.

Veterans Arrange Cabaret.—The Army and Navy Veterans have arranged to hold a grand concert in the main building at the Willows Exhibition ground on Wednesday, November 24. The Association is hoping to have the co-operation of Mrs. Harry Pooley in arranging the programme, and well-known local artists will lend their aid. The cabaret will be under the distinguished patronage of the Premier and Cabinet and W. J. Bowser, K.C., M. J. Crehan, vice-president of the Dominion Command of the Association, Brig.-Gen. R. P. Clark and the Mayor.

Little City Council Business.

To-night's session of the City Council has little important business to come before it other than a number of formal by-laws. Of these the two most important are the by-law ratifying the agreement with the British Columbia Electric Railway Company, which will go through its final readings, and the by-law to amend the Hired Vehicles By-law, commonly known as the jitney regulation by-law, which will come up for the first time, and will be passed at next week's session.

Tribute to Loyalty.—As a tribute to one of the most loyal employees and best liked citizens of Victoria, Mayor R. J. Porter will head the list of signatories to the nomination paper of W. W. Northcott, according to a statement which the Mayor made this morning. "There is little of interest in city hall today these days, but I think that the people will be glad to know that I am going to perform this little act for one who was such a faithful servant of us all for so long," he said.

Expect Judge To Morrow.—The Supreme Court judge that Vancouver was to have left Victoria have this week to carry on legal business in this city, did not arrive to-day. Because of this no Chamber work has been connected. There has been no judge obtainable here since Chief Justice Hunter left last week for Mayo Brothers' clinic in Rochester. Latest announcements are that there will be a judge here from Vancouver to-morrow morning, when Chamber applications will be heard. Mr. Justice Macdonald is likely to be the judge to come.

Finance Committee and Taxation.—This afternoon's session of the Finance Committee of the City Council will examine an extensive array of taxation figures which have been prepared by the City Treasurer, but it is improbable that they will make any report to the Council this evening, as the tabulations required of Comptroller Raymer are not yet in readiness, owing to difficulties in obtaining information needed from sources outside the control of the city.

Abandoning Oil Burners.—At Wednesday's meeting of the School Board the most important business will be finance questions for the balance of the year and the changing over from oil fuel to coal for the High School heating system. The latter is required because of a notice from the Imperial Oil Company that no more fuel oil will be available after December 1. "Victoria is well situated in regard to the fuel situation as compared with Vancouver, only having one school where a change will have to be made, while the Terminal City has a large number of installations to alter, involving a very heavy expense."

St. Saviour's Church.—On the invitation of the wardens and church committee, about forty of the men of the parish met last night in the schoolroom, and had a most enjoyable evening, lasting till the " wee sma' hours " of the morning. It was felt that it was a step in the right direction, to keep the men in touch with the affairs of the parish, and by the speaker's remarks the idea was fully endorsed, by all, so much so, that before the meeting adjourned, those present formed themselves into a brotherhood, and urged all who were not there to take an interest in it. With games of cards, vocal and instrumental music, impromptu speeches and refreshments followed.

Letters of regret, at inability, to attend were read given from the bishop, archdeacon and others.

Connaught Seamen's Guild.—The Ladies' Guild of the Connaught-Seamen's Institute will hold a special meeting on Wednesday at 2:45 at the residence of Mrs. Wilders, 27 San Juan Avenue.

Requiem Mass for Nurses.—A Requiem Mass for deceased members of the Nurses' Alumni Association of St. Joseph's Hospital, will be held at St. Andrew's Cathedral on Tuesday, November 9, at 8 o'clock.

To Hold Bazaar.—The ladies of the Connaught-Seamen's Guild, will hold their second annual bazaar next Wednesday, November 10, in Foresters' Hall. Sister J. J. Pilgrim, of Vancouver, will open the affair at 3 o'clock. At 7:30 a short business session will be held, followed by a musical and vocal programme and social intercourse.

G. W. V. A. Smoker.—The G. W. V. A. of Fort Street were the scene of another smoker on Saturday night when Manager Neary conjured over a gathering of over 100 members to be present. J. B. Clearhouse acted as chairman of the evening, and a very enjoyable concert was given, in which Laurie Brunell, Horace Potts, George Potter, and Ben Charman aided admirably to the merriment of the occasion.

Girls' Voluntary Club.—Over 330 was raised by the Girls' Voluntary Club towards their fund for sending out Christmas hampers to needy cases as the result of their stiver ten held at the Victoria Club on Saturday afternoon. Delicious afternoon tea was served at the dining room, and the visitors were entertained by the musical programme, to which contributions were made by Mrs. R. H. Pooley, Miss Bell, Miss Irene Bannerman and Miss Jessie Carter (violinist).

Cabaret Holds Opening.—The Blue Mouse Cabaret received its official opening on Saturday evening last to the accompaniment of a large attendance and much merriment. Special features had been aligned for the opening ceremony, including many novel effects in the way of entertainment. The popularity of the Blue Mouse, Yates Street, seems to have been assured from the opening session, and tonight large gatherings and clean fun. The proprietors are both well-known hotel men and are making a great success of their venture.

CANON TO SPEAK

Candidate to Make Public Explanation of His Appearance on Conservative Ticket.

Canon Hinchliffe is to appear before returned soldiers of this city at the Alexandra Club next Friday night and explain his position in accepting the nomination of the Conservative ticket and as a returned soldier endorsing a vote of confidence in W. J. Bowser, K. C.

Several interviews, between returned men and Canon Hinchliffe have followed the convention of last Wednesday. The result of these interviews is that Canon Hinchliffe has decided to make a public explanation of his action and how he comes to be supporting Mr. Bowser.

STAMP SYSTEM MAKES MANY BUSINESS CHANGES

Merchants No Longer May Charge War Tax on Luxuries to Clients Accounts

The following figures as to Inland Revenue collections during October at the Victoria office were made public this morning by Collector R. Jones, the item of war tax stamps showing the effect of the new regulations as to payment of luxury through the stamp system, merchants laying in a stock of the stamps with which to commence November business:

War tax stamps, business	\$ 1,508.75
War tax stamps, merchants	2,218.73
Luxury tax	\$301.49
Watches	59.00
Jewelers' licenses	6.00
Jewelers' luxury tax	1,723.45
Manufacturers' tax	1,593.65
Sales tax	21,839.31
Sales tax licenses	750.00
Manufacturers' licenses	24.00
Retail licenses	149.00
	\$45,476.45

Misunderstandings.
Collector Jones said that reports current that Vancouver merchants were not complying with the new system were incorrect. Last Friday the Department at Ottawa telegraphed him that the new system was universally in effect, and Mr. Jones remarked that such stories as that emanating from Vancouver were quite common, being mainly the result of talk by commercial travelers. In Toronto or Hamilton the retail merchants have been freely told that the new regulations are being ignored in Victoria, and on the Pacific Coast similar yarns are circulating in regard to Eastern centres.

The penalty for failure to comply with the new regulations is very severe, not only on those not taking out licenses, who incur fines up to \$1,000, but also on those who fail to collect the taxes by the stamp system, who are liable for ten times the amount of the tax due, with a minimum of \$50.

An incidental effect of the new system of collection is to emphasize the fact that the burden of the tax is on the purchaser, as was also the case under the old system, is not permissible under the new. Mr. Jones emphasized the fact that the buyer must pay cash for the tax under all circumstances.

OBITUARY RECORD

The death occurred this morning at the family residence, 513 Head Street, of Mrs. Clara Sweeney, wife of Henry Sweeney, at the age of forty-six years. She was born in Cork, Ireland, and had been a resident of this city for the past ten years. She is survived by her husband, four sons, two daughters, at Esquimalt, one sister in Vancouver and one brother in Hamilton, Ontario. The remains are resting at the Sands Funeral Chapel and funeral announcements will be made later.

How To Overcome That Awful Reaction Caused By Influenza

Influenza, Grippe, or any severe sickness leaves the blood poor, thin and debilitated, and the system weak, run-down and in a nervous condition. The one great remedy to create strength after sickness, and to restore it contains the tissue-building elements of fresh cod's livers, aided by the blood, strength and vitality making elements of tonic iron, beef peptone and glycerophosphates. It creates a hearty appetite, aids digestion, quickens the circulation and every nerve organ and muscle of the body is soon filled with new strength, energy and vitality.

There are many people in this city who will tell you from personal experience what Vinol has done for them.

NEWS AND NOTES OF THE MINES

H. A. Guess, vice-president of the American Smelting & Refining Company, which company last year purchased a controlling interest in the Premier Gold Mining Company, has returned from Stewart. Mr. Guess is in charge of the mining operations of the American Smelting & Refining Company, and in his official capacity has been making an inspection of the Premier mine. He may return again during the course of the winter. His headquarters are in New York City. Speaking to The Prince Rupert News, Mr. Guess expressed his pleasure at the appearance of the property. Development operations are bringing forth showing that come up to the most optimistic expectations. Shipping, it is expected, will commence in a fortnight, when the snow has fallen sufficiently to allow hauling over it. Already there has been fifty tons come out this season over the roads but it became so muddy that no more has been brought out that way. Two caterpillar tractors are now on the way to Stewart and they will be used on the snow this winter in bringing out the ore for shipment. Besides these, sleds will also be used.

Amateur Hockey Players Will Limber Up To-night

Four Teams Will Hold First Work-out of Season at Arena; Everyone Anxious to Look Over Garrison, the New-comers

To-night the amateur puck-chasers are opening their training season and for four hours will have the arena all to themselves. Practice periods have been allotted. The Elks will have the rink from 7 to 8; the Senators from 8 to 9; the Garrison from 9 to 10; and the Garrison from 10 to 11. All teams intend to have their full teams out for the first time and there will be no doubt a lot of curious fans on the rail siding up the merits of each septette.

The eyes of the amateur hockey world are riveted on the Garrison. The soldiers constitute the unknown quantity and are rated as the dark horse of the league. The team has a wonderful paper reputation but just what it will be capable of doing on the ice has the rival managers pulling their ears. Unfortunately the Garrison hour for practice to-night comes rather late, but no doubt some of the players will stick around to watch the whirlwinds show their wares. Next week, however, the Garrison will have the rink for a period from 7 to 8 and it is expected that the rink will have a good crowd inside to watch them handle their sticks.

The Big Year. This is to be the big year in amateur ice hockey. Four strong teams have been given a place in the league and each manager is out with the statement that his septette will be faster and keener than that which took the ice last year. The fans will be glad to learn this little bit of inside chatter as they are keen for a line on the prospects for the season. Last year 1900 fans watched the amateur games and it is expected that this total will be boosted to 20,000 this year. Every effort is being made to make the teams as strong as possible so that the fans may be repaid with a good brand of hockey.

Elks Organize. The clubs are busy organizing for the season. On Saturday night the Elks convened and elected their officers. Ernie Cook, the big defence man, will manage the Elks this season. Mark Graham is the honorary president of the club and Darrell Spence is the president, with Jack McKenlie holding the onerous position of secretary.

Other clubs will follow the lead taken by the Elks and elect the officers who are to fight their battles off the ice.

Tight on Personnel. The rival clubs are guarding the personnel of their teams like a bulldog watching an orchard. None of them wish to bust into print with their list of players, but it will all come out in good time as the fans can just sit back for a time. That most of last year's stars will be in the game is freely admitted. There will be some new faces, this much has been learned through the secret channels of which the managers know nothing.

FULLBACK DIES FROM INJURIES RECEIVED IN FOOTBALL MATCH

Emporia, Kas., Nov. 8.—Jack Reeves, 23, fullback for the Kansas State Normal football team and former fullback on the Great Lakes Naval Training Station team, died here yesterday of injuries he received in the Normal-Washburn game on Saturday.

Home Teams Had Worst of Games Over in Blighty

London, Nov. 8.—(By Canadian Associated Press)—Saturday's association league football games proved a poor try for the home team in all divisions of the league. Liverpool had a surprising loss to Bradford after maintaining the upper hand early in the game. Burnley owed something to luck in overcoming Newcastle. Both goals were recorded by Kelly Boyle, before half time. Harris scored for Newcastle later.

The Arsenal did well to share four goals with Blackburn, Hawthorn Dawson scoring for Blackburn, and MacKinnon and Buckley for Arsenal.

Played in Fog. Chelsea was expected to do better than draw against Preston, this game and several others being played in a dense fog.

South Shields were beaten before their own supporters for the first time this season. Sheffield Wednesday went down before Westham, mainly owing to the introduction of weaker reserves. Fulham pressed Blackpool continuously but never dangerously.

The Surprise. The great surprise was Huddersfield's defeat by Manchester city, the latter's defense being always difficult to overcome on their own ground.

McGill Defeats Varsity in Very Thrilling Match

Montreal, Nov. 8.—Disclosing a form that has been absent from their previous inter-collegiate rugby football union games this season, McGill defeated Varsity here at the Molson stadium on Saturday afternoon, 7 to 3. It was a different team in system, aggressiveness and stamina which met Varsity here, to the red and white team which went down to defeat earlier in the season at Toronto.

For the losers it can be said that the loss of Hobbs and Westman, two of their tried men, possibly weakened them. Both McGill and Varsity are now tied for first place in the league standing, and barring an unlikely defeat by the latter at the hands of Queen's in Toronto next Saturday, a playoff will be required to decide the championship.

FIRST WHOLESALERS' GAME CALLED A DRAW

The first game in the Wholesalers' Football League was played at Beacon Hill yesterday between Rithers' Romping Rovers and Leiser's Lightning Larriers. After plenty of exciting play the game was called a draw neither team being able to score.

The teams were: Rithers' Romping Rovers—Ernie Speer, Dawson, Davidson, O. Speed, Ross Main, Cliff Jackson, Bill Erickson, Alex. Harris, Kenny Hughes, H. Woollett and Sid Hole.

Leiser's Lightning Larriers—J. Taylor, J. Allen, Mosquito, C. Fea, Sid Perkins, W. Norman, McDonald, W. Hughes, H. Gray and Jim Dangerfield.

ANOTHER CUP FOR AUDREY

The Gorge Cup, which was put up for the best lady swimmer in Victoria by Ralph Alcock, has been presented to Miss Audrey Griffin, who won it in 1917, 1918 and 1919, and thus holds it. The cup was not offered for competition in 1919.

VARDON AND RAY LEAVE

New York, Nov. 8.—Harry Vardon and Ted Ray, British golfers who recently ended a three-month tour of the United States, sailed for England yesterday.

WHICH WILL IT BE PEACE OR BATTLE?

Five American League Clubs Which Stand Against Lasker Plan Must Decide

Chicago, Nov. 8.—Owners of the major league baseball clubs were in session here today to decide for peace or war in major league baseball, with re-organization of the National Commission as the deciding factor.

Magnates of the eight National League Clubs and the Chicago, Boston and New York American League clubs, have extended until 10 o'clock today their ultimatum to the other five American League clubs, on the option to the Lasker plan for a new commission or a declaration of war.

Looks Like Peace.

Chicago, Nov. 8.—Peace in organized baseball was believed in sight today when Dan Johnson, president of the American League and his "loyal-five" club owners went into session at the same hotel where the National League magnates and the three minority American League owners were meeting.

Clark Griffith, one of the "loyal-five" accepted an invitation to attend the rival meeting and discuss plans for the re-organization of the National Commission.

Amicable Settlement Between Football and Amateur Bodies

While not desiring to give full details of the meeting held between the B.C.A.A.U. and the B.C.P.F.A. on Saturday evening the statement was made this morning by an official of the former body that an amicable settlement of amateur-football problem had been reached. It was decided to withhold the details of the scheme until the duly appointed representatives report back to their organization.

There has been some discussion of late over the need of footballers taking out amateur cards. In Victoria the association has all its men registered with the union, but in the upper island and on the Mainland the players are not bothering about cards. The whole thing came to a head at Vancouver a couple of weeks ago, when the New Westminster United played a professional lacrosse player.

PLENTY OF MATERIAL FOR THE "REP" TEAM

Test Match on Saturday Revealed Much Talent to Selection Committee.

Anyone who saw the Rugby tussle at Oak Bay on Saturday afternoon between the "A" or Red, and the "B" or Blue teams, must have been struck by the wealth of first-class material from which the Selection Committee of the Victoria Rugby Union has to pick a "rep" team to compete against Vancouver in the McKee Cup series. There is no reason why Victoria should not have the fastest and strongest Rugby team that has ever carried the colors of the Capital. And there is no disputing the fact that Victoria has a wonderfully strong team, having the fast Varsity, Rowing Club and Central aggregations to draw from.

LADIES' GRASS HOCKEY TEAM SCORES A WIN

By a score of 3-1 the Victoria Ladies' Hockey Club defeated the St. George's School team. Next week the ladies will play the St. Margaret's School.

ENGLISH RUGBY

TO RE-INSTATE PROS AFTER THREE YEARS

Quebec Branch of Amateur Union Favors Move; Want East and West Divisions

Montreal, Nov. 8.—That the Quebec branch of the Amateur Athletic Union of Canada believes in the reinstatement of professionals who have refrained from participation in athletic competitions for three years, was the outcome of the annual meeting at the local club house Saturday night.

A resolution to the above effect will be forwarded to the central body to be discussed at a meeting to be held at Winnipeg next month.

The branch also recommended that "a complete re-organization of the Olympic committee is desirable."

Want Two Divisions.

The Quebec branch will also ask that the association be divided into two sections, one for the east and the other for the west.

VETS GIVEN TRIMMING.

New York, Nov. 8.—(Canadian Press)—The British Great War Veterans were defeated by the Tyrone Celts five to one yesterday in a Metropolitan League soccer match.

SET DATES FOR POLO GAMES BETWEEN U. S. AND ENGLISH TEAMS

New York, Nov. 8.—The international polo match between the United States and England will be held in England, June 18, 22 and 26. It was announced in a cable message from the Burlington Club of England, to the Polo Association here. No official challenger has been sent by the United States Association as yet, but there has been a mutual understanding that a team will be sent abroad next year.

UNITED SERVICE WON EASILY FROM COLWOOD

United Service golf team triumphed over the Colwood golfers at Colwood links yesterday by 34 points. The victors showed considerable superiority in their play.

In the singles in the morning the United Service piled up 57 points to Colwood's 44, and in the foursomes in the afternoon the Service players scored 40 points while Colwood was making 19.

The final score was United Service, 97; Colwood, 63.

J. E. WILSON WINS

The second monthly medal competition of the Victoria Golf Club was held on Saturday over the links at Oak Bay and was won by J. E. Wilson (handicap 14), who was one up. Five players were tied for second place, 2 down, namely, J. W. Ambrey (handicap 19), J. R. Matson (handicap 15), E. A. Neame (handicap 27), J. D. Virtue (handicap 19) and J. Wilson (handicap 17) and Capt. H. Westmorland (handicap 16), three down; Henry Martin (handicap 22), five down; W. E. Scott-Moncrieff (handicap 22), six down; H. B. Robertson (handicap 24), six down; J. V. Scrivener (handicap 16), seven down; L. H. Hurdle (handicap 20), seven down; Lieut.-Col. Slater (handicap 20), seven down. There were forty entries. On Saturday next the first annual competition for the club championship will be played for the club cup.

SOONS Spring Surprise By Outplaying Yarrows

Were Entitled to Game on Afternoon's Play But Only Got a Draw; Wests Succeeded In Defeating Vets After Hot Game, and Mets Defeated Comrades; Firemen and Garrison Win.

Saturday's soccer results were as follows: Senior League. Victoria West, 4; U. W. V. A., 2. Metropolis, 3; Comrades, 0. Sons of England, 1; Yarrows, 1.

Intermediate League. Firemen, 3; Esquimalt, 2. Garrison, 3; Metropolis, 2.

Saturday's soccer packet was hailed to soccer followers by the Sons of England. Prior to the game there were few who conceded the "blokes" a chance of scoring a win over the shipbuilders, who on the previous Sunday knocked the Mets out of the league leadership by a very sensational win. But ten minutes after the game had been in progress there were very few of the spectators on the side-lins who were ready to concede Yarrows a ghost of a chance of staying off defeat. The Sons, who have been trailing the league for the season, showed speed and combination which seemed to dazzle the shipbuilders. Whether or not Yarrows figured on a "pie" game with the Sons, the fact remains that three of their regular players did not turn out. As a result the shipbuilders were forced to the limit to save the game and only brilliant work between the posts by Mesher saved them a drawn game.

The other two games went as was expected. The Wests triumphed over the Vets, but not until near the end of the game, when the ex-service boys were playing a man short. The Comrades through a win on the Comrades after a rather uninteresting game.

In the Intermediate League the Firemen continued their rush for the championship by defeating Esquimalt. The Garrison showed considerable form in handing out a trimming to the Mets, last year's champions.

Sons vs. Yarrows. This match was a rip-roarer from the start. Kirby, of the Sons, was the toss and chose to play with the sun behind his team. Swan kicked off for Yarrows but from a return by Vets, the S.O.E.s started to gradually the Yarrows' goal and Mesher made a good save from A. Kirby. It looked as if it was going to be a fast game, the Sons showing in the early stages of the game that they were in a lively mood. Their forwards played in a spirited fashion. ARGOS BEAT OTTAWA AND WIN BIG TITLE

Interprovincial Rugby Cham-
pionship Won by Toronto
Team

Toronto, Nov. 8.—(By Canadian Press.)—Mike Rodden's Argonauts, as a result of their 6 to 5 victory over Ottawa on Saturday afternoon, won the championship of the Inter-provincial Union, thus obviating any necessity of a play-off. It was a game replete with thrills, and plenty of good football strategy was in evidence. Ottawa's performance was much superior to that of either Tigris or M. A. A.

An Even Break

Winnipeg, Nov. 8.—Winnipeg and Regina broke even in the battles for the minor rugby championship of Western Canada here on Saturday.

The Regina winners maintained their city's supremacy in the junior ranks by defeating Crescentwood by the overwhelming count of 22 to 0. The Crescentwood juvenile squad redeemed the fallen fortunes of the locals, however, defeating the Regina Leaders 7 to 0 in a hard fought game. The contests were well attended.

A Win For Regina

Regina, Sask., Nov. 8.—Regina defeated the Calgary Tigers here Saturday, 28 to 1, and they won the right to play the Winnipeg Victorias for the Western Canadian championship. The local team played wonderful football from the bell and after the first few minutes the game was never in doubt.

Saskatchewan On Top

Saskatoon, Sask., Nov. 8.—The University of Saskatchewan defeated the University of Alberta here Saturday in a game of soccer, 3 to 1. The match was slow and uninteresting owing to the bad state of the ground.

FORESTERS HAND OUT DEFEAT TO SAILORS

Quite a crowd turned out on Saturday afternoon to see the junior game, at Central Park between the Boys' Naval Brigade and Juveniles, which ended in a 7-1 finish in favor of the Juvenile Foresters. The Navy boys put up a good fight, although they had not their land legs near the goal. The football shown by both sides was very good, and before Christmas all the boys will be in their stride, and

C.P.R. ENCOURAGES ATHLETICS BY GIFT OF TROPHY

This is a picture of the Canadian Pacific Railway Amateur Athletic Association trophy, won for the first time on Saturday, October 23, in the great ten miles race held in Montreal and open to all comers. The cup is inscribed:

"combination" will be the motto of all the clubs. The wing halves of the navy lads played splendid, but could not cope with the Foresters wingers. Bellas played a good game, but was not supported. Hardisty, Tooby and Cochrane also did good work, but the rest of the team was not up to their old standard. For the winners McLenan and Dunn were splendid.

Providing the Junior League is not ready by next Saturday the Foresters will play the Fairfield lads. The lineup on Saturday were: The Navy 1st—1st row, Sullivan and Cochrane; Hardisty, Johnson and Sullivan. Watt, Toby (Capt.), Con-norton and Bellas. Juveniles—McGregor, Taylor and Judd; Crawford, Peterson and McLenan, Briggs, Woods, Salloway (Capt.), and Dunn.

The delegates from the proposed Junior League and anyone interested in junior clubs wishing to take part

in the league are requested to be at the V. and B. F. A. regular meeting to-morrow night at 8 o'clock, G. W. V. A. rooms, Fort Street.

GOING BACK TO SEE WIFE

New York, Nov. 8.—Georges Carpentier, who on Friday signed a contract to meet Jack Dempsey, next Spring for the world's heavyweight championship, ended his second stay in America on Saturday. Accompanied by his manager, Francois Desamps, he sailed for Havre.

BAND CONCERTS TO BE ON SUBSCRIPTION BASIS IN FUTURE

The Sunday evening concert by the G. W. V. A. Band played to a capacity house last night, and the Association is to be congratulated on putting up a bright programme of a clean character and real merit.

The band pieces were all received with enthusiasm. Mr. Kelway's rendering of Gounod's "Lend Me Your Aid" brought prolonged applause from all parts of the house, and equally enthusiastic was the reception of Mrs. Jesse Longfield, who sang "Life's Prelude." Mrs. A. J.

Gibson accompanied with finish. Both artists were recalled.

Mr. Webb in a short speech thanked Mayor Porter for the quiet way in which he had helped the association and pointed out that the expenses were too heavy for the concert to be given on a voluntary contribution basis.

It was now the intention of the band to give a series of sixteen concerts during the winter on a subscription basis, five dollars giving the holder a choice of best seats, and four dollars for the rest of the house for the season. Concerts can be subscribed for separately.

On office is opened one door west of United Service Club, 710 Fort Street, from 9 to 6 each day, phone 1883, at which all information will be gladly given.

The artists for next Sunday, November 14, are Miss M. Isard, Victoria's premier violinist; E. Butterworth, baritone, as well as an extremely attractive band programme.

"Chu Chin Chow" Is Theatrical Landmark of Season

WILL OPEN HERE
TO-MORROW EVENING

A fairy land of the Arabian Nights will be disclosed to view in "Chu Chin Chow," the big Oriental Extravaganza which will open at the Royal Victoria Theatre, for five nights and two matinees, commencing to-morrow.

Staging a big production of this kind in America in times of peace would be enough to make many managers hesitate, but when one considers that this whole production was created and built in London and brought to America in a time when all transportation overseas was fraught with the greatest difficulties, it becomes even more remarkable to contemplate the strange and highly colored scenery and costumes of this mammoth spectacle from England.

Painted by Maimed Artist.
The beautiful scenery of this production, which eminent artists of New York pronounced a revelation, was painted by an artist who had lost a leg in service with the British Army fighting in France; the beautiful costumes of rare silks and satins and wondrous colorings, were made in London by wardrobe women whose husbands and sons had been killed on the battlefields, and these very costumes furnished money to pay for the food of widows and mothers who had given their only sons or husbands. The actual supervision of the painting of these wonderful "Chu Chin Chow" scenes was entrusted to Sergeant John Flannigan, thrice wounded in the trenches, on furlough in London, and working at His Majesty's Theatre as an assistant stage manager, who after the shipment of "Chu Chin Chow" to America, was called back to active duty, and was later killed in action.

In addition to the difficulties of transportation, it was deemed best to send the English production to America in a series of different shipments, so that if one became lost

on the way or fell a victim of a U-boat, the missing shipment could more easily be duplicated than if all the shipments came over in the same ship. The wisdom of this was proven curiously, when one of the shipments, scheduled to leave on the steamship Minnehaha, went astray on the docks and missed the steamer. The Minnehaha was sunk on that fatal voyage; the scenery and properties of "Chu Chin Chow" were safely sent over on another steamer a week later.

"Chu Chin Chow" scored such a tremendous triumph in New York that all the difficulties of the preliminary preparations have been forgotten. At the Royal Victoria Theatre, which they put on a paying basis for the first time in its history. But the gamble these young managers took would be worth the risk on the wrong side of \$150,000 if "Chu Chin Chow" had not turned out to be such a big success.

Regard as Too Expensive.
"Chu Chin Chow" was brought to America, after practically every American manager had passed it by as too expensive to ever make money, through the perseverance and energy of Morris Gest, who interested his partner, Mr. Comstock, in the enterprise, and secured his co-operation. Also, Gene Buck, the well-known song writer, figured in the transaction, and so did the late Sir Herbert Tree, at whose theatre in London—His Majesty's Theatre—"Chu Chin Chow" has scored a run of nearly four years, and where it is still playing.

Gene Buck came back from London three years ago, enthusiastic over "Chu Chin Chow" which he had seen while staging a revue in the British capital. He told Morris Gest of the wonderful success of "Chu Chin Chow." Mr. Gest secured the manuscript from Walter Jordan, the American agent, Oscar Asche, who had produced the show in association with Sir Herbert Tree. Many other American managers had read "Chu Chin Chow," and smiled as they rejected it. Mr. Gest read it and sadly laid it aside, declaring that the story simply dealt with an old Arabian Nights tale of Ali Baba and the Forty Thieves, although in a new way.

The Strong Features.

"It isn't the story—it's the wonderful way they do it, and the songs and the dances and the big slave market scene where they sell the wild women of the desert," declared Mr. Buck with great enthusiasm. "The scenery, the costumes, the music, the man-queens, all the wonderful color schemes, make this the most original and fascinating production of the age."

Mr. Gest was impressed. He valued the opinion of shrewd theatrical observers, but to invest such a gigantic sum as \$150,000 on the mere word of a friend, seemed a "bit thick." A few months later—in April of 1917, to be exact—Mr. Gest was invited to luncheon by the late Sir Herbert Tree, then visiting America and staying at the Plaza Hotel in New York. Mr. Gest spoke of "Chu Chin Chow" and asked Sir Herbert's opinion of it for American audiences. Sir Herbert told him how Oscar Asche had brought the play to him for a production at His Majesty's Theatre, of how he had hesitated to consider the matter but finally took a chance, and how the play had taken London by storm, and of the brilliant future for the man who produced "Chu Chin Chow" in America.

Paid Big Royalties.
Mr. Gest and his partner, F. Ray Comstock, thereupon bought the play for America, paying the biggest advance sum in royalties ever recorded in the history of the American stage. They sent a special representative to London to see the play, and they imported E. Lyall Swete, the stage manager of the London production, to stage the play in America. They also brought over the English musical director, Gustave Ferrar.

The scenery was painted in London by the famous Harker Brothers, the leaders of their profession across the sea. One son, John, had worked in the studio before the war. He lost a leg at Ypres, and has since been working in a sedan, had worked in the entire production of fourteen scenes of "Chu Chin Chow" was painted in their studio by the two Harker Brothers and one son, John. The shipments of "Chu Chin Chow" in boxes, crates and hampers came safely through the submarine zone. Not a spangle was missing when the curtain finally rose on the initial performance in New York. The delays in the shipments had necessitated two postponements of "Chu Chin Chow" but when finally given, the complete and gigantic production was absolutely perfect to the smallest detail.

The show was pronounced a spectacular rainbow of joyous colors and harmonious delights, and the most beautiful spectacle seen on the stage of America.

THE VERDICT:

GALLI-CURCI

Most Famous Soprano in the World, said:

I had heard of your wonderful production "Chu Chin Chow" but never had an opportunity of seeing it until last week. I was charmed and fascinated by its dazzling delight and its infinite variety. Its delicious artistry, its wonderful mise-en-scene, and I cannot refrain from writing you to tell you that I am a great admirer of "Chu Chin Chow."

HELFITZ

Greatest Violin Virtuoso in the World, Idol of all Music Lovers, said:

I cannot tell you how much I enjoyed the performance of "Chu Chin Chow." It is really more beautiful than anything I have ever seen abroad in all my travels. I was not only delighted with the performance itself, but with the music. I think it is most appropriate and exceptionally well done, and, all in all, a most artistic production.

CAMPANINI

Director General Chicago Opera Association

I have seen many beautiful and elaborate productions, both in this country and in the great opera houses of London, Paris and Milan, but never in my entire career have I witnessed such a superbly staged and so artistic presentation as that of your wonderful "Chu Chin Chow."

DAVID BELASCO

Foremost Stage Producer in the World, said:

Congratulations! I saw your wonderful production of "Chu Chin Chow." I was stirred and charmed by the beauty of the scenes and the fascination of the story. I have never seen anything like it! It is marvelous. The whole production reflects the greatest possible credit upon the management of the theatre whose names henceforth in the stage history of America will typify the highest possible artistry.

CARUSO

World's Greatest Operatic Tenor, said:

I had heard down in South America that you had brought "Chu Chin Chow" over the ocean to New York. So just as soon as I arrived from Rio I went to see it. The spectacle is one of the most artistic and most absorbing entertainments I have ever attended. I enjoyed every moment so much that I am going again even if I have to stand up.

D. W. GRIFFITH

World's Foremost Motion Picture Genius, said:

I saw the performance of "Chu Chin Chow" in London five times. I did not think it possible to equal it in beauty, in setting and costumes, but you have surpassed even that achievement in your production.

"THE RIGHT TO LIE"

BY JANE MURFIN

It was a tense, dramatic moment—her husband in a fit of blind and jealous rage shot and killed "The Other Man"—The evidence was conclusive for any jury.

And though with her hand on the Bible she swore to tell "the Truth, the Whole Truth and Nothing but the Truth," her deep-souled love for him made her bare her innermost heart of hearts. By her own lie she placed the scarlet brand upon her own breast.

HAD SHE "THE RIGHT TO LIE?"
TO HER HUSBAND?—TO SAVE HER HUSBAND?

It's a big question—and one solution, perhaps yours, is forcefully presented in this drama throbbing with pathos and feeling.

GLORIA SWANSON IN DE MILLE PICTURE

"Something to Think About"
at the Dominion This Week

Can you fancy beautiful Gloria Swanson dressed in rags and tatters? Remember the many gorgeous gowns which have become so much a part of Miss Swanson as a result of her success in "Male and Female" and "Why Change Your Wife?" And yet rags and tatters are Miss Swanson's portion through a large portion of the story of Cecil B. De Mille's Paramount picture "Something to Think About" which will be shown at the Dominion Theatre all this week.

"Something to Think About" represents a new departure in the type of role portrayed by Miss Swanson. As Ruth Anderson, the talented young actress had abundant opportunity to display her abilities. The role carries Miss Swanson through the entire emotional gamut and it is confidentially expected that this production will earn for her an additional host of admirers.

Although rags and tatters play their part in the action, Miss Swanson wears gowns of striking beauty. Several ultra-new street costumes and evening gowns of unusual beauty and design are shown. The production is under the supervision of Cecil B. De Mille and Miss Swanson wears them with her habitual grace and charm.

Miss Swanson plays the central feminine role. Other notable names in the cast include Elliott Dexter, Theodore Roberts, Monte Blue, Claire McDowell, Little Mickey Moore, Theodore Kosloff, James Mason and Julia Faye.

Screen Adaptation of Jane
Murfin's Story

"The Right to Lie," the Pathe special feature produced by Albert Capellani and bringing Dolores Cassinelli to the Pantages Theatre to-day and to-morrow, was adapted for the screen from Jane Murfin's story, by John Wormwood.

The story is based on an international romance in which a celebrated Italian beauty marries a wealthy American, only to have her life blighted by a series of incidents

which eventually give her the "right to lie."

Edwin Carewe, the director of Jane Murfin's story, has surrounded Miss Cassinelli with a carefully selected cast, headed by Frank Mills in the leading role. Joseph King is the villain, with Warren Cook, Violet Reed, Grace Reals, George Denabourg and John A. Boone in important parts.

The stage settings for "The Right to Lie" are particularly praiseworthy having been tastefully and lavishly designed. The scenes in the garden of the Italian convent might well have been staged "neath Italy's southern skies."

Curtis Austin, by his own admission and the absolute knowledge of his wife, was the murderer of Crosby Dana. Austin had shot him while Dana clasped his murderer's wife in his arms.

"If we could only prove he was justified in killing Dana," the celebrated criminal lawyer, engaged to defend the prisoner, told Mrs. Austin, "I could surely save him!"

musical, Carlotta Ferrari, clutched at the thought as a drowning man grabs at a straw. Could she justify her husband's crime in the eyes of the jury? Could she save her husband from the electric chair?

It would mean that she must swear to tell "the truth and then lie—lie!" She would have to lie about herself, soil her reputation—brand herself a scoundrel woman. And her husband—what would he think? But already he believed her untrue. That was why he killed Dana. But was not his freedom worth it? Didn't her great all-sacrificing love for him give her "The Right to Lie?"

JUNGLE STORY IS COLUMBIA THRILL

Offering This Week Possesses
All Features of Romance
and Adventure

All that stands between Robert Morgan and happiness is money. For Mary Lamar is Robert's definition of happiness, and Mary is rich. So is Philip Garson, which fact makes him favored of Mary's mother, but not of Mary. Garson knows his unpopularity and resorts to scheming. He concocts a story about a tiger for which a museum offers a big reward. Reward to Robert means money—and Mary. So Robert goes to Africa, and with him go two of Garson's men—sworn to lose Robert in the jungle.

Before the departure Mary gives a locket to Robert which, the latter tells her, should be restored by other hands than his, will be an indication of his death.

"Out of sight, out of mind," is what Garson hopes. But the love of Robert for Mary is not that sort. However, when the African natives burn Robert's hut over his head, and he runs to the bank of a lake, is shot,

and falls into the water, dropping the locket on the shore, and Portuguese Joe takes the trinket back to New York, reporting to Garson that he has discharged his mission—well, then Mary gives up hope.

After that, matters progress more favorably for Garson—until one day a friend induces Mary to visit an Oriental seer, who tells her that her sweetheart is not dead. The seer explains that when Robert falls into the African lake he takes refuge under the bank, and remains hidden until his pursuers depart. After long wandering he reaches a city where a strange people reside. By a remarkable feat of strength he escapes burning at the stake, and earns homage as a god. Later he wins the gratitude of Wanada, a native girl, and the enmity of Ebano, a chieftain.

He conquers the latter in a contest, man-to-man, but is followed by Ebano to the Temple of Light, which he enters in violation of religious law. Robert saves himself by overturning an idol onto his praying adversary, and eventually escapes to America.

All this Mary hears from the seer. Subsequently Garson visits the Oriental, and also learns that Robert is alive—that the seer is Robert. The timely entrance of Mary after Robert reveals himself to Garson restores her to his arms, and dramatically concludes "The Jungle Trail."

"The Jungle Trail" will be the attraction at the Columbia to-day.

AS BABY VAMPIRE ON VARIETY SCREEN

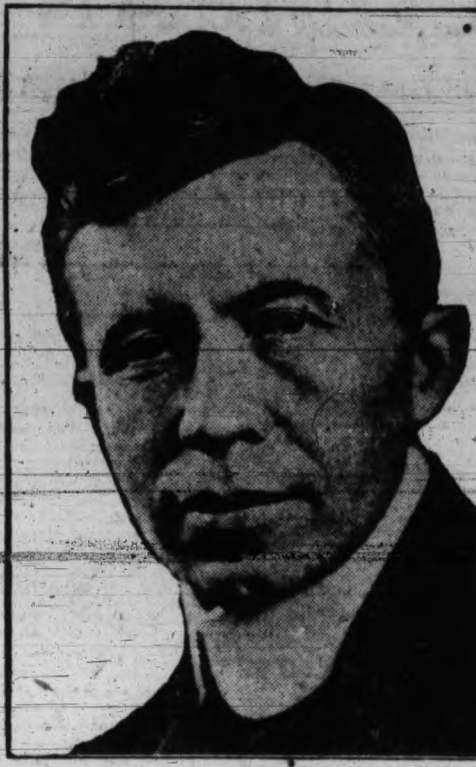

Viola Dana in "Dangerous to Men" Gives Scope For Her Versatility

Viola Dana has the most important drama of her starring career in "Dangerous to Men," which is announced as the feature attraction at the Variety Theatre all this week. The screen play is an adaptation by A. P. Younger, of the famous English drama, "Eliza Comes to Stay," which was produced in London with the author, H. V. Esmond, and his wife, Eva Moore, in the leading roles, and which scored one of the biggest successes of the modern English stage.

The role of Eliza taxes to the full Viola Dana's versatile powers as a comedienne, picturing the development of a tomboy school girl, who finds herself at eighteen thrust into a bachelor's household as his ward, there to discover her own seductive charm, and how it makes her regarded as a dangerous woman. It is said to be Miss Dana's favorite role.

The question of women's clothes is brought prominently into the story. Eliza, the daughter of an eccentric

WILL LECTURE ON CANADIAN ARCTIC EXPEDITION HERE NEXT SATURDAY: VILHJALMUR STEFANSSON

explorer, has been brought up by a spinster aunt, who insists that the girl dress to be "safe" from men. Eliza's precautions are so excessive that she becomes an object of ridicule at school, and has to fight her way when the boys tease her.

By her father's death in an expedition to Afghanistan, she is left an orphan, with a young bachelor scientist as her guardian, but, although she loves him, her dowdy appearance gets his nerves on edge. It is then Eliza realizes the need of dressing in a way to bring out her own charm, but her attempts to emulate the style of an experienced actress, whom she takes as her model, are pathetic.

Thus Eliza learns. The hoydenish girl finds her way through love into the secret of how to attract men. She is successful, so successful that she comes to be regarded as "dangerous."

Circumstances lead the girl into an audacious impersonation of a "vampire"—an impersonation in which Miss Dana's versatility is started and thrilled her audiences. Here the play develops a situation of enthralling interest, and moves rapidly to an unexpected denouement.

MISSING PEARL IS FILM THEME

Dramatic Robbery Is Told at Romano For Three Days

In a room in the home of a New York society leader several persons of prominence are gathered. A noted musician is giving a demonstration of his hypnotic powers. A woman, prominent socially, is his subject. Around her neck is a necklace containing a blue pearl of fabulous price. As she is about to pass under the hypnotist's influence the lights go out and the room is in total darkness. They are only extinguished a minute. But when they are flashed on again the pearl is gone. No one has entered the room. No one has left it.

"This is the big situation in 'The Blue Pearl,'" the big super-feature which comes to the Romano Theatre on Monday for three days, and which was a big Broadway success when it was produced on the speaking stage in New York by the Messrs. Shubert.

How the pearl is found in possession of the one least suspected, and the methods taken to unmask the thief, provides several reels of suspense, many thrills and plenty of comedy in the screen version made by Lawrence Weaver with a cast of New York favorites among whom are Edith Hallor, Florence Billings, Fair Blinney, Lumsden Hare, Carlos Giles, Richard Halliday, and others.

Bad Breath IS CAUSED BY CATARRH

Canadians suffer more from Catarrh than from any other disease. On this account Catarrh is dangerous and should be checked at the outset.

It isn't necessary to take internal medicine to cure Catarrh. There is a far better method.

Doctors now treat Catarrh by sending a purifying, healing vapor through the breathing organs. In this way the germs of Catarrh are destroyed.

The only successful vapor treatment is CATHARHOL, which the patient breathes through a special inhaler to the real seat of the trouble. The rich, piney essence of Catharhol heals and soothes all inflamed surfaces. They effectively treat the nose, throat and lungs with a powerful antiseptic that destroys irritation at once.

Catharhol brings into the system the balmy air of the pine forest. It cures completely colds, coughs, catarrh, weak throat, and bronchitis. Once tried, Catharhol is always used. Nothing so pleasant, so simple, so quick to relieve, so absolutely sure to permanently cure. Accept no substitute. Large size lasts two months, and costs \$1.00; small size 50c; sample trial size 25c; at all dealers.

"CHU CHIN CHOW" AT HIS MAJESTY'S

One Man Has Seen Performance Eighteen Hundred Times

The London Weekly Times of September 10 contains the following tribute to "Chu Chin Chow":

"Chu Chin Chow has just entered on the fifth year of its life, and for the first time the identity of the real hero of Oscar Asche's fantasy has come to light. He is Edward Thomas Paul, who has never missed a performance in all the long run of 1,800 performances, and whose name does not appear in any programme of the play. Probably nobody in the audience even dreams of his existence, perched high above the dome of His Majesty's Theatre, he sits from the opening of the door of the theatre until well after the fall of the curtain attending to the arc lights. He is all alone, and, unlike the skipper of the Heaperus, he has no one to bear him company. It is officially stated that air raids, omnibus strikes, or tube strikes have never made him late. He has always been at his post. Those who know the dome of His Majesty's and were in London during the air raids will appreciate what this devotion to duty means. The writer was present at His Majesty's during one air raid when things became so lively that the audience sought protection against the walls of the building, and the company made valiant efforts to carry out the action of the play whenever there was a lull in our barrage. But it was well after midnight before the curtain was finally rung down."

A Romantic Story.

As a matter of fact, the whole story of "Chu Chin Chow" is something in the nature of a romance. There seems to be no doubt that Mr. Asche wrote it during a wet week in Manchester, with no idea that it would ever achieve its amazing success. When he took over His Majesty's Theatre the arrangement was that "Chu Chin Chow" should not be withdrawn until the receipts fell below a certain figure, and even at the height of the air raids the receipts never fell within scores of pounds of that figure. Until that happens Mr. Asche cannot withdraw his production, however much he may wish to do so, and so "Chu Chin Chow" produced originally at a cost of five thousand pounds, goes merrily on. There is no doubt that it has made Mr. Asche's fortune, and he has achieved the reputation of being the luckiest man on the stage. It is said that whatever he touches turns to gold, so that it is quite understandable that there is no wish to withdraw the production. The amusing part of the business is that according to the contract Messrs. Grossmith and Laurillard take possession of the theatre at the end of the run of "Chu Chin Chow" which is the end of 1922, whichever should be the earlier date, and at the moment no man can say which event is likely to happen first.

G.A.U.V. OPEN ROOMS WITH MERRY CONCERT

At the official opening of their new club rooms at 1208 Government Street on Saturday night the Grand Army of United Veterans were entertained to an enjoyable concert in which many local artists assisted to make the function a success. Comrade M. A. Orford was in the chair, and supported by a large gathering of the business community. Assisting in an excellent programme were: Messrs. Tom Obee, Tait, Smith, Allen, Ramsay, J. Dobble, Impett, Doolley and others.

Several addresses were heard during the evening, one from C. K. Christian, who outlined the various aspects of the forthcoming election. R. MacNicol, president of the Veterans of France was present and tendered his congratulations to their newly formed organization. He urged returned soldiers to join the G.A.U.V. and vote as their conscience directed. Secretary E. S. Keeling, in a short address, welcomed members from other organizations, and tendered an appeal to "all workingmen to unite in a common brotherhood, to help the less fortunate, and to strive by careful thought to better conditions for the bottom dog."

Miss Madge Kennedy, one of the most beloved and beautiful of young screen stars, will return to the speaking stage this season, and will be presented on Broadway before the holidays, under the management of Henry W. Savage, as the star of the comedy-drama, "Cornered." It is three years since Miss Kennedy, at the height of her Broadway success, left the theatre for the films. Her last personal appearance was as heroine of "Fair and Warmer," in which she won great popularity as an ingenue comedienne of a type she herself originated in her first play, "Little Miss Brown," and developed with much charm and subtlety in "Twin Beds."

Madeleine Lubetty, who will be seen in Robert W. Chalmers' "Cardigan" was born in Paris, and came to this country eleven years ago. "Cardigan" is a Kendall-Chalmers production and will be released by Goldwyn.

CECIL B. DeMILLE'S production "Something to Think About"

By Jeanie Macpherson

Both of their hearts fed only on memories. Both of their lives seemed ruined. Behind them, folly. Before them—wealth without love.

Then one day—the Great Thing came! Something even bigger than love. Something no other picture ever has brought to the screen. Something you'll think about, too!

A romance that scales the heights and plumbs the depths of human experience. Set in a riot of color and beauty. Athrob with the mightiest heart appeal ever attained in a picture by De Mille.

Antonio Moreno has introduced an innovation in his latest Vitaphone serial, "The Veiled Mystery," which is nearing completion. A complete sequence was photographed from a ballroom. Aeroplane views are not new but a fast-speeding air ship is of little value in photographing actual dramatic scenes. It cannot slow down to normal ground action as the dirigible may. Moreno, who is directing the serial himself, obtained some splendid results.

Joe Ryan and his cowpunchers have left Vitaphone's Western studio

for the Mexican border to start the fifth, sixth and seventh episodes of "The Purple Riders," a Western serial, after two weeks spent in filming interior scenes. The troupe will spend a month at the border location selected and will then cross into Mexico. Joe Ryan does more riding in this new serial, of which he is the star, than in any picture in which he has previously appeared.

SENATOR WEBSTER BACK FROM ORIENT

Feeling in Japan, California Issue Will Be Satisfactorily Settled, He Says

"The Japanese feel that they are being unfairly discriminated against but the opinion prevails among the thinking men of the country that the vexed question will ultimately be satisfactorily adjusted," declared Senator Lorne C. Webster, of Montreal, when questioned as to the attitude of the Japanese in regard to the exclusion law of California.

Senator Webster, accompanied by Mrs. Webster, reached Victoria this morning from Japan aboard the liner Empress of Russia. He is a director of Goodwin's, Ltd., of Montreal, and has been combining business with pleasure in making a tour of the principal Japanese cities.

While in Japan, Senator Webster had every opportunity to study the Japanese people and he predicts strong competition from that quarter of the globe in the race for trade supremacy, not only on the Pacific, but also on other routes of commerce.

Some sections of the Japanese vernacular press have been endeavoring to make a big issue of the California question, Senator Webster stated, but his discussions with such prominent men as Viscount Okuma, Viscount Shibusawa and Baron Sakatani left the impression that the statement of Japan were confident that the question would work itself out to the satisfaction of Japan.

Trade Improving.
Business conditions in Japan are wonderfully improved, the Senator stated. He noted prosperity wherever he traveled. A considerable amount of Japanese tonnage has been tied up at Japanese ports, but this condition he attributes in a measure to the recent industrial dispute in the

TENT CITIES TO HANDLE TOURISTS

Los Angeles and Pasadena Anticipate Rush This Season

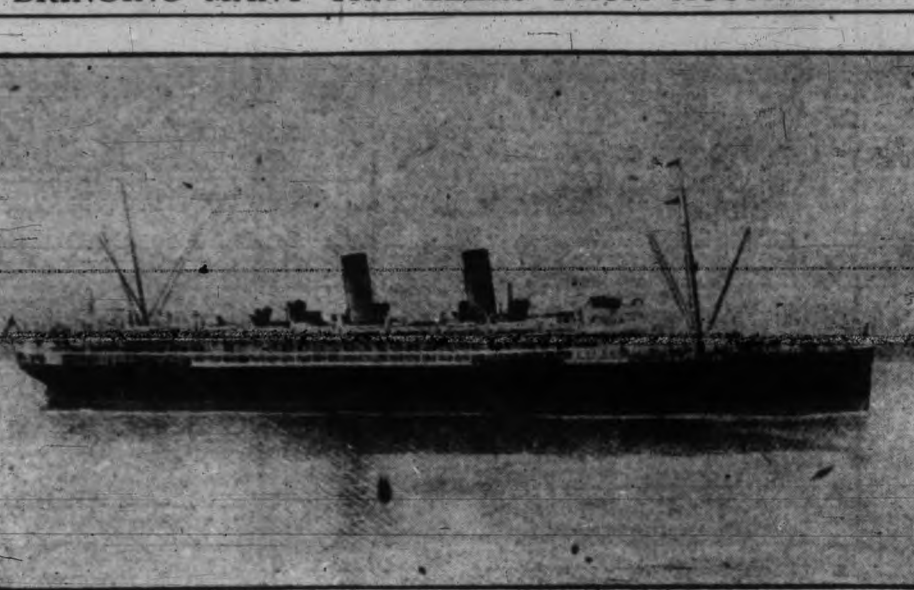

Tent cities are springing up at Los Angeles and Pasadena this winter to handle the crowds of tourists which it is expected will visit California this season, according to Carl Taylor, traveling agent, traffic department, Southern Pacific Lines, who is in the city to-day from Seattle.

"We expect the tourist business to California to be exceptionally good this season and our train schedules have been readjusted to take care of the business," said Mr. Taylor to-day. "Great improvement in passenger train schedules will be made by the Southern Pacific Railway, effective November 14. Four trains daily will be operated out of Seattle via Portland to San Francisco."

A new train, "The Shasta," will leave Portland at 4 p.m. daily, arriving at San Francisco the following day at 10 p.m. The San Francisco express will leave Portland at 7.30 p.m., instead of 8 p.m., arriving San Francisco 7.30 a.m. There will be no change in the Oregonian, which leaves Portland at 1 a.m. The California Express, now leaving Portland 11 p.m., will depart at 8.40 a.m., arriving San Francisco 6.50 p.m. Effective November 14 a through sleeper will be inaugurated between Seattle and Los Angeles, leaving Seattle 11 p.m. and Portland 8.40 a.m., via the Sacramento and Valley route.

PORT FOR DRYDOCKING OF PRINCE RUPERT NOT YET SELECTED

Vancouver, Nov. 8.—The G. T. F. office has issued a denial to the story that the steamship Prince Rupert was to be drydocked at Prince Rupert. It was explained that the yard in which the ship would be when floated would be decided by Captain W. H. Logan, representative of the London Salvage Association, who is in charge of the salvage work, and he could make no decision as to which yard he would

send the vessel until she had been floated and the extent of the damage shown. At present he has absolutely no idea where he will send her, and has made no statement indicating any selection. He has wired this information to Lloyd's, and the same information has gone to President Hanna.

The statement that the ship would go to Prince Rupert was carried by the Canadian Press on the authority of Col. Peck, V.C., who said he had been so advised by President D. B. Hanna.

EMPEROR OF RUSSIA HAD ROUGH PASSAGE

C.P.O.S. Liner Made Port This Morning After Stormy Trip From Yokohama

After a rough passage from the Far East the Canadian Pacific Ocean Services liner Empress of Russia, Captain S. Robertson, R.N.R., reached the Outer Dock about 10 o'clock this morning with three hundred saloon passengers and carrying a cargo of 2,000 tons.

It was an average winter passage, said Captain Robertson. Navigating his fine command through a few storms is all in the day's work with the veteran skipper.

The heavy fog which shut down over the city early this morning failed to detain the big C.P.O.S. liner. It was a local mist and gradually vanished as the liner steamed up to her berth from quarantine.

The Empress of Russia's passenger list showed that travel is not quite so heavy as in the past. During the past few months the large Empresses have been coming in with anywhere up to four hundred saloon passengers.

Among the arrivals to-day was K. C. L. commercial attaché to the Chinese embassy at Washington, D.C.

Miss F. Nomura, of Yokohama, fiancée of Harunoko Nishi, Japanese consul general at New York, crossed the Pacific by the liner.

Lieut. C. Masiero, one of the aviators in the Rome-Yokohama flight, was also a passenger, returning to Italy.

Others arriving by the Empress of Russia included His Excellency T. Platte, of The Hague, Miss A. Pleyte, Lieut. Commander C. N. E. Curry, of London; Judge P. M. Moir, Rev. J. E. Studley, of Manila, and Senator L. C. Webster, of Montreal.

There were thirty travelers in the second cabin accommodation and a contingent of Chinese in the Asiatic stowage.

Seventy-five saloon travelers disembarked here and after putting off 1,000 bags of mail the liner cleared shortly after 11 o'clock for Vancouver.

Colonel H. F. Bowles, M. P. for Enfield, who recently visited this city, has decided not to contest the seat at the next general election, and Major T. Fernor-Hesketh has been adopted by the local Conservative Association as prospective candidate for the division.

AVIATOR HUBBARD MET EMPRESS HERE FOR ORIENT MAIL

For this forenoon did not deter Eddie Hubbard from crossing the Straits in his flying boat to meet the incoming liner Empress of Russia. Hubbard made a nice landing and reported the fog confined to this side of the Straits.

He took charge of nine bags of mail from the Empress and left at 11.15 a.m. on the return flight to Seattle.

The Oriental mail will be delivered in Seattle this afternoon.

ADMIRAL LINE MEN SECURE PROMOTION

E. G. McMicken and R. D. Pinneo Boosted Along in Reorganization Service

Rounding out the organization of the traffic department of the Admiral Line in keeping with its broadened scope and more extensive operations, two of its popular officials have recently been promoted.

E. G. McMicken, heretofore general passenger agent, has been made passenger traffic manager, and R. D. Pinneo, former manager of the foreign department, has been made freight traffic manager. Both will report to Assistant General Manager H. C. Cantelow, the announcement being made by Vice-President and General Manager A. F. Haines in line with his general plan of arranging his staff to take care of the company's traffic, enlarged by the Oriental service and yet to be increased by the operation of additional steamships, allocated to the company by the United States Shipping Board.

Both officials are old employees of the Admiral Line and need no introduction in coast shipping circles.

MEGANTIC FEACHED QUEBEC YESTERDAY

LIBERALS OF ESQUIMALT CHOOSE H. C. HELGESON

United Forces Will Make Strong Fight to Wrest Seat From Conservatives

At the Colwood Hall a convention of Esquimalt Liberals Saturday night selected Henry C. Helgeson, of Metchosis, as opponent to R. H. Pooley in the contest for the seat in the next Legislature, giving him 51 votes in a three cornered contest with Anthony Kohout, of Sooke, and C. E. Whitney Griffiths, of Metchosis, who each received 11 votes, there being only one ballot.

The convention was marked by critical moments, when personal matters between Messrs. Whitney Griffiths and Helgeson threatened a split, but after a conversation, Mr. Whitney Griffiths explained that Mr. Helgeson had been misinformed and that he had in fact, as Helgeson's party he would have taken the same course. The episode closed when both heartily shook hands.

Mr. Helgeson thanked the convention and regretted not having previously settled the differences which had come up.

Mr. Kohout moved to make the vote, unanimous. Whitney Griffiths seconded the motion amid applause.

The Nominations.

Messrs. G. D. Sloan and Waile brought Mr. Helgeson's name before the convention, and Mr. Whitney Griffiths was nominated by Messrs. E. Nash and Hannan, and Messrs. R. Munford and Seymour proposed Mr. Kohout, and all three candidates were asked to outline their position before a ballot was cast.

Mr. Helgeson said he was a Liberal, a supporter of the Oliver Government who was friendly to the farmer and labor organizations, which should stand together to defeat high prices and the influence of combines. He said that as one born and bred in the district and familiar with its needs, being opposed to continued governmental borrowings which he claimed had nearly reached the limit.

Explains Finances.

Hon. John Hart, Minister of Finance, after congratulating the convention on its choice, said the Conservative nominees claimed the seat as a hereditary right.

On the same grounds Mr. Helgeson could make the same claim, as the son of a previous member of the House.

When the Liberals went across the Bay they found only \$54,000 in the Treasury, with deficits amounting to \$4,000,000, and the credit of the Province shattered.

"We had no money, we were asked to pay 7 1/2 per cent. for a loan. We refused to do so. We established a policy of keeping expenses within income."

"We are now living within our revenue and only borrowing for capital account. We have lived up to our policy, not an easy matter, for we had to get \$3,000,000 before we had a dollar to spend. The late administration had, in their few years of office, spent \$90,000,000 and piled up \$68,000,000 of contingent liabilities."

"Mr. Helgeson referred to the borrowings of the Government. They have been very large, but the purposes for which we have borrowed this \$27,000,000 are in part \$14,000,000 for the P. G. E. What a load for us to carry!" exclaimed the Minister of Finance.

He then showed that the balance of \$9,000,000 was nearly all returnable, with interest, to the Government, borrowed to aid the returned men and settlers. "Every single dollar excepting \$15,000,000 is returnable, and that sum is a capital charge used for new roads and trails to develop the Province," he said.

"The first time since 1910 that a surplus had been shown the House was in 1919, when our policy was proven so sound that we were able to place a loan at 5 1/2 per cent."

"It has been a long uphill fight, but our last loan shows we stand higher than any of the Provinces, being sold out at a 4 1/2 per cent. basis. And Seattle bankers reported they had sold the last issue in an hour," he said amid applause.

Speaking on taxation, Mr. Hart said there were, when he went into office, nearly \$4,000,000 of arrears, and of that, at last January, \$2,750,000 had been collected. "We are making the big corporations and industries pay their income taxes. There are now no politics played in the taxation department. The farmers do not have

to pay an income tax on the produce of the land."

Other Speakers.

Mrs. A. T. Watt, M.P.E., asked everyone to work sincerely to elect Mr. Helgeson, and H. C. Hall pointed out that the only real issue before the electorate is whether or not the Oliver Government shall be endorsed. After citing some of the advanced legislation enacted in the past four years he said amid applause, "The social legislation of which the Oliver Government is most proud is the Mothers' Pension Act," which is already doing a vast amount of good."

Mr. Kahout moved a vote of thanks to Hon. John Hart and Mr. Hall, and the meeting closed with the National Anthem and cheers for the Oliver Government and H. C. Helgeson.

The Scoutmasters will hold their first formal dinner on Wednesday, November 11. A good attendance is expected. Applications wanted from all persons interested in Boys' Work to volunteer as Scoutmasters, Assistant Scoutmasters and Cubmasters.

minion Department of Mines, it appears, lately received an inquiry from the British Imperial authorities, asking for information as to possible deposits in Canada of Bentonite, a valuable light yellow soluble clay, in appearance something like soapstone, for which great industrial possibilities are developing. It is all the more valuable for the reason that there are very few known deposits in the world, the principal, so far being in Wyoming, where it occurs in connection with coal deposits similar to those of the Nicola Valley.

Murdoch McIntyre, in one of his prospecting expeditions, some years ago, discovered not far from Merritt, a deposit of this peculiar clay, which William McIntyre, proprietor of the Coldwater Hotel, who had worked at one time in the Wyoming coal fields, recognized as the genuine Wyoming article. A small sample properly labelled, was sent to the Mining Department, Ottawa, and in the recent search for information to satisfy the Imperial authorities, this marked sample was turned up at Ottawa, which fact led directly to Mr. Spence's trip to Merritt.

On arriving here, Mr. Spence was shown a large deposit of the finest, imaginable atoms and absolutely free from grit. The clay, which is as hard as a rock, so that it has to be quarried, when dry, almost instantly dissolves when placed in water, into a perfectly smooth, cream-like substance. It is used in the arts as a filler for finishing-papers and for certain textiles, and a greatly increased demand would appear to have recently developed, partly owing

to the scarcity of the article.

Mr. Spence took back with him to Ottawa samples, which will be forwarded to the Old Country, and more is likely to be heard of the matter latter.

Victoria, Nov. 8.—5 a. m.—The barometer remains high over this Province and fair weather is general, with sharp frosts extending from the Lower Mainland eastward to Manitoba.

Discovery of Bentonite

H. S. Spence, M. E. of the Department of Mines Ottawa, made a special trip to Merritt last week on a rather interesting and important mission, says the Merritt Herald. The De-

partment of Mines, it appears, lately received an inquiry from the British Imperial authorities, asking for information as to possible deposits in Canada of Bentonite, a valuable light yellow soluble clay, in appearance something like soapstone, for which great industrial possibilities are developing. It is all the more valuable for the reason that there are very few known deposits in the world, the principal, so far being in Wyoming, where it occurs in connection with coal deposits similar to those of the Nicola Valley.

Murdoch McIntyre, in one of his prospecting expeditions, some years ago, discovered not far from Merritt, a deposit of this peculiar clay, which William McIntyre, proprietor of the Coldwater Hotel, who had worked at one time in the Wyoming coal fields, recognized as the genuine Wyoming article. A small sample properly labelled, was sent to the Mining Department, Ottawa, and in the recent search for information to satisfy the Imperial authorities, this marked sample was turned up at Ottawa, which fact led directly to Mr. Spence's trip to Merritt.

On arriving here, Mr. Spence was shown a large deposit of the finest, imaginable atoms and absolutely free from grit. The clay, which is as hard as a rock, so that it has to be quarried, when dry, almost instantly dissolves when placed in water, into a perfectly smooth, cream-like substance. It is used in the arts as a filler for finishing-papers and for certain textiles, and a greatly increased demand would appear to have recently developed, partly owing

to the scarcity of the article.

Mr. Spence took back with him to Ottawa samples, which will be forwarded to the Old Country, and more is likely to be heard of the matter latter.

CAMPAGNERS PLAN BANQUET TO CELEBRATE RETREAT FROM MONS

If the rapid disposal of tickets for the annual banquet of the British Campaigners to be held in the Douglas Hotel in the evening of Thursday is any criterion, the annual festivity of that organization, which was accorded a record turnout, W. C. Warden and Lincoln-Smith are handling the sale of tickets, while they may also be obtained by telephoning Secretary W. J. Edwards at No. 1925.

The annual banquet of the British Campaigners Association is in commemoration of Armistice Day, falling on November 11, the anniversary of the cessation of hostilities in the late world war. This year the Campaigners are to celebrate the glorious retreat from Mons, in the first few months of the great war, numbers of that grand assembly—the "contemporary little army"—will be present to do honor to the occasion.

A committee of the Imperial Order Daughters of the Empire under Mrs. R. B. McKimling have charge of the decoration of the hall and tables for the event.

Lt.-Col. W. W. Foster, D.S.O., M.C., C. de G. will speak on "The Retreat from Mons," while Lt.-Commander—Holmes, R.N., will respond to the toast of "The Navy." Brig.-Gen. J. M. Ross, C.M.G., D.S.O., will reply to the toast of "The Army."

An elaborate programme of music has been prepared for the occasion, in which Messrs R. Morrison, E. Fairley, W. Ward and R. R. Webb will assist a very capable orchestra engaged for the occasion. His Honor the Lieutenant-Governor has signified his intention of being present, and the tickets will not be confined to returned service men alone.

COUNTRY HAS TOO MANY RENT PAYERS

Real Estate Men in Convention Urge France As Model

Rochester, N. Y., Nov. 8.—Robert E. Simon told the convention of the Real Estate Association of the State of New York here today that every effort should be made to encourage home ownership, whether in the single or two-family house, or by co-operative ownership in the multi-family house.

"The large percentage of tenantry is one of the dangers of our country to-day," said Mr. Simon. "While France has 80 per cent. of home owners, the United States census of 1920 showed 48 per cent. and 1910 only 28 per cent. a decrease of 10 per cent. in 1920 it probably will be still less. This tide must be stopped and turned in the opposite direction."

He told the convention that in New York City from Fourteenth to Fifty-ninth Street over 8,000,000 square feet of lot and office space is under construction, while the residential field is practically stagnant.

"Due to the higher rents the apartments and houses which should be available for the workmen are being partly occupied by families who can in normal times afford to live in more modern and better quarters. Room must be created for them to move and vacate the space they now occupy for their poorer neighbor, and this shifting middle class, our clerks, policemen, firemen, teachers, and such who are the greatest sufferers and who are heard little or spoken of."

The convention scored the rent laws, the failure of the New York Legislature to enact measures helpful to construction, demanded repeal

E. J. Harris Found Part Owner
of Lodge Cabaret and
Fined \$300

The charge against E. J. Harris, of the Lodge Cabaret, for selling beer of over-proof strength—7.92 per cent.—involved the city police court in many side issues this morning.

The accused, defended by J. A. Alkman, endeavored to show that he had not part interest in the Lodge Cabaret, but Fred "Frisco" Clark, who was stated to be the proprietor, in a long cross-examination of the Crown, gave away any chance the accused had of remaining unidentified with the ownership of the cabaret.

Sergt. Boulton with Constable Drever, visited the cabaret on the afternoon of October 25, and took four samples of beer, in Phoenix Brewery bottles, which showed over 7.92 per cent. on analysis. Counsel for defence admitted that the beer was over strength, but stated Harris was not connected with the ownership of the cabaret.

It was shown in evidence given by Fred "Frisco" Clark that "Babe" Harris, the accused, paid the rent every month out of his own personal bank account, and also that he was president of the Cosmopolitan Club that is over the Lodge Cabaret, while Fred "Frisco" Clark is vice-president of the same organization. That the Lodge Cabaret and Cosmopolitan Club were in the hands of the same interest was denied stoutly.

Grace Heller and Hazel Morrison, two girls who had been in the employ of the Lodge Cabaret, testified to the fact that they both received their wages from the accused, one girl stating that she had only been paid by Clark when Harris was out of town. Clark claimed that Harris was his financial adviser, while he was the part owner with another man named Antonio Zorelli.

An agreement to prove this partnership was entered by Mr. Alkman, but disallowed by the court, who held that it did not have a bearing on the present case.

Fred "Frisco" Clark was put under a galling cross-examination by the City Prosecutor.

Magistrate Jay claimed that he could not believe the evidence of the witness.

E. J. "Babe" Harris was then found by the court to be at least part proprietor of the Lodge Cabaret, and a fine of \$300 was imposed on him with the option of two months in jail. The fine was paid.

Pale Cheeked Women Told About Restoring A Rosy Complexion

A few years ago the girl with pale, drawn cheeks scarcely knew what to do in order to restore her fading appearance. At that time there was no blood-food medium made that really would put color and strength into systems that were more or less worn out.

To-day it's different. The blood can be quickly nourished, can be made rich, red, and healthy. All you have to do is take two Ferrozone Tablets with a sip or two of water after meals. The effect is almost magical.

Mothers, look at your children. Are they ruddy and strong—do they eat and sleep well, or are they pale, weak, and anaemic?

FERROZONE will rebuild them. Take your own case—is your blood strong and rich? Have you that old-time strength and vigor, or are you somewhat under the weather?

FERROZONE will supply the strengthening element you require. It is a blood-forming, nourishing tonic that makes every ailing person well.

FERROZONE is a marvellous remedy, it contains in concentrated form certain rare qualities that especially fit it in cases of anaemia, poor color, thin blood, tiredness, and loss of weight.

Every day you put off using FERROZONE you lose ground. Get it to-day, sold in 50 cent boxes by all dealers, or by mail from the Catarrhzone Co., Kingston, Ont.

IF WEAK, THIN OR NERVOUS DON'T WORRY

Try The Bitro-Phosphate Health System.

NEW YORK. If you are feeling run-down, weak, nervous, tired-in-the-morning, and generally ailing, these are the symptoms that would warn you to take care of your health.

Four persons in every ten are needing more phosphorus in their bodies. When you see thin and fretful people; or those who are anaemic, pale, frail, off dependent or lacking in energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon over-exercising, or the use of salts, quinine, drastic drugs, iron, calomel, cod-liver oil, etc., wonder why they find no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health, and contained in BITRO-PHOSPHATE, the famous health preparation. Now obtainable everywhere.

The right thing for you to do is make a trial of BITRO-PHOSPHATE beginning at once. It is not a patent medicine; the formula is prescribed by many physicians for all ailments and weaknesses mentioned above.

Buy a box of BITRO-PHOSPHATE. It is sold and recommended by good druggists everywhere.

DRUG RING OPERATING ON GROWING BASIS

Recent Arrests Stir Up Evidence Regarding Formidable Ring in City

In Wong Chow and Lum, Chinese, the police think they have captured some of the prime movers in the local drug ring. The two Chinese appeared in court this morning on a charge of vending cocaine. Detective Sam Siciliano was responsible for the arrest of the pair, though Wong Chow, thought to be the leader of the pair, took to his heels when his partner was arrested. Lum was released on \$500 bail and Wong Chow, whom City Prosecutor Harrison explained to the court had twice before jumped his bail, was only allowed out on the payment of \$1,000 bail. Both sums were readily forthcoming. The hearing of the case has been set for Wednesday on application of It. Brethour, who appeared for W. C. Moreby, counsel for both accused. Interpreter Wing was employed.

Joseph Chenard, fined for drunkenness, got impatient while in the city lockup and kicked in two windows. As a result of his escapade Chenard sustained severe cuts in one leg, and had six stitches put in by Dr. Buck. The police stationer Chenard paid an additional \$4 to mend the windows of the city gaol.

Emily Girard, begging the court to give her another chance was removed from the court on being sentenced to two months in gaol on a charge of vagrancy. The evidence showed that the accused was suffering from the use of drugs, and the magistrate explained that the sentence was imposed primarily with the idea of giving the woman a chance to straighten up and quit the drug habit.

WHAT CHAMBER CAN DO FOR CITY

Promoters Make Clear Statement of Purposes of Organization

Charts and other devices for explaining the plans of organization and operation of a modern Chamber of Commerce appear on the walls of the campaign headquarters at the corner of Broad Street and View Street. The campaign director, Robert A. Crosby, is a firm believer in this graphic method of illustration.

He said to-day that he had been asked by many citizens of Victoria just what is contemplated by the effort to re-organize and expand the Board of Trade into a modern Chamber of Commerce. Reiterating Saturday's statement that he of little importance, whether it be Chamber of Civics and Commerce or Board of Commerce, he added that Victoria was going to have a new civic-commercial organization that would take its place with the Chambers of Commerce in the biggest cities in the Dominion. In order to make clear the various steps that will be followed, he had prepared a little schedule, he said, which had taken up the several questions as they had been asked. Here it is:

- Income Membership.**
1. Securing the necessary income and membership for three years.
 - (a) A carefully compiled list of the citizens of Victoria who should support such a movement, made in card index form.
 - (b) The number of memberships that each might be expected to carry, based upon the benefits to be expected, and what corporations of men of similar standing in other cities are doing, indicated on each card.
 - (c) This list to be examined carefully by two separate committees and passed upon by the campaign executive committee before it is used.
 2. Creating a working membership.
 - (a) During the campaign for memberships and afterward, a systematic method of acquiring the public with the proper functions of a Chamber of Commerce to be put into operation.
 - (b) A series of luncheons and meetings which ultimately become schools of organization; these gatherings being open to non-members. At these meetings, specialists will present the

Mr. Crosby is very anxious that the campaign to give Victoria a modern Chamber of Citizenship should receive as much publicity as possible, and with that end in view is making arrangements for members of the staff to speak before clubs, civic or commercial organizations.

There are over 1,100 boys at home in England, this term.
